

LANDIS SPRINGS SENSATIONAL TESTIMONY

Agricultural Conditions Said To Be Threatening Commander Of U. S. Globe Flier Not Yet Found

Grosman Never Served A Day Of Sentence He Says

WASHINGTON, May 2.—Judge Kenesaw Mountain Landis furnished a new thrill today in the Senate investigation of Former Attorney General Daugherty. Landis testified in the case of Phil Grossman, Chicago saloon keeper paroled by President Coolidge. Grossman was sentenced to a year in jail by Judge Landis for contempt of court in a liquor violation case. The saloonkeeper never served a day, according to testimony. Landis said Grossman operated a regular saloon and that six witnesses testified that they saw him selling whiskey.

WATCHING THE SCOREBOARD

Yesterday's hero: Weiland Dean. The young Giant pitcher got two singles, scored two runs and drove in one and won his second game of the season by beating the Braves, 9 to 1.

Bob Meusel fanned for the third out in the ninth inning with the winning runs on third and second and the Senator beat the Yankees, 3 to 2.

Missing their attack in three innings, the Robins beat the Phils 14 to 4. Stock, new Robins third baseman, got three singles in five times up.

Statz's error helped the Reds to score their only run off Eldridge and the Cubs moved into second place with an 8 to 1 victory.

Homers by Williams and Tobin with two on helped the Browns beat the Tigers 8 to 7. After winning three straight games, Whitehill, young Tiger pitcher, was knocked out of the box.

Connell was knocked out of the box and the Red Sox beat the Athletics 5 to 1.

Shoen's dropped a throw at first base with two down and started a rally which enabled the White Sox to beat the Indians 13 to 7.

Bunched hits in the third and sixth innings gave the pirates an 8 to 6 victory over the Cards.

Yesterday's Home Run Hitters:
Harnett, Cub, 1.
Hansen, Athletics, 1.
Jacobson, Browns, 1.
K. Williams, Browns, 1.
C. Williams, Phils, 1.
Tobin, Browns, 1.

With Babe Ruth at Bat.
First inning—walked.
Fourth inning—popped to Harris.
Sixth inning—grounded to Johnson.
Seventh inning—walked.
Ninth inning—grounded to first.

FOLLIES GIRL GETS HER PAY ALL RIGHT

NEW YORK, May 2.—The half million dollar damage suit of Helen Jessmer, former follies girl, against Philip Plant, youthful millionaire, was settled by agreement between the litigants today. The amount that Mr. Jessmer will receive was not made public.

Father Kills Two Of His Children And Wounds Another After Which He Turns Gun And Kills Himself

W. L. Connelius, J. J. Beckham, Sanford and Butler Montgomery, Donald Neven, and Odis Odom returned Wednesday from a three day fishing trip to Twenty river. Mr. Connelius reported that the party enjoyed a fine time on their trip, catching about 75 pounds of fish and 50 pounds of turtles.

Sends in Eight Runs in One Inning.

PAUL J. STEWART.
Paul J. Stewart, ex-University of Illinois baseball star, established a new world's record at Bloomington, Ill., when he knocked two home runs in one inning, each time with the bases filled—sending in a total of eight runs. He plays on the Bloomington team.

Wadsworth Slated For Chairman By G. O. P. Leaders

WASHINGTON, May 2.—Senator James Wadsworth of New York is slated for permanent chairman of the republican national convention, according to indications at the White House today. Wadsworth conferred with Secretary Slomp. Later it was indicated that Wadsworth had been picked.

VISITORS SURPRISED AT BIG PLANT HERE

Frank W. Woyewant, former Mayor of Dallas, while visiting Mexia Thursday, spent a very pleasant half hour at the office of The News, going through the plant while here. He stated that he was surprised to see such a magnificent printing plant as that owned by the News Publishing Company. "You have the best plant outside of the big cities of Texas in Texas," he said.

Word has been received from Mr. and Mrs. W. K. Boyd, now visiting in Enterprise, Mississippi, in which they state that they will return home next week. They will leave there next Monday.

Judge I. W. Keys has been a business visitor to Dallas for the past few days.

EYES OF OILDOM SEARCHING FOR NEW FIELDS IN TEXAS

The Bazette section is now not looking so good, according to opinions expressed by oil men of this district. Eyes are therefore now searching in other directions for the next probable or most likely oil producing area to be discovered.

The E. L. Smith Oil Company's test in Hopkins County, near Greenville, is reaching an interesting depth and will be watched for several days with increasing interest. This marks the first wildcat test sent down by this company. It has been most fortunate in practically all investments made in the proven areas. Three times, it marched ahead of operations and development in the Powell field and sent down semi-wildcats all of which turned out to be among the biggest producers there.

The information now getting to all stockholders regarding the stability of the company, its economical, honest and intelligent operation, has caused E. L. Smith Oil Company stock to gradually rise on the markets of the country and the demand now is understood to be greater than the supply.

J. K. Hughes of the Developing company has been in West Texas fields this week. He is expected to return home Friday night. The daily production of this company in the Mexia district continues to hold up well, increased by the rising yield in the Luling area.

The production of the field this week averaged around 160,000 barrels daily. The wind storm early in the week blew down a number of derricks. Some of these are being rebuilt, while activity there is going forward on a normal basis, with additional producers each week.

Wildcat circles near Mexia have not proven sensational during the present week. No new developments mark the period.

Quite a number of employees of the Pure Oil Company have been recalled to Mexia where the company maintains its Texas headquarters.

The Gulf company completed a new well on the McKie tract good for about 1,600 barrels initial flow a day. The well is the No. 2 test on the 22-acre strip lease held by the Gulf off-setting the Kirby Petroleum company's lease lying north of Tucker town. The sand depth is 2,901-30 feet.

Completions are dull with only now and then a new one on the inside area. Oil gathered by Texas pipe lines during the month of March, 1924 amounted to 13,128,470 barrels, according to a statement issued by the oil and gas division of the Railroad Commission. This represents an increase of 5,000,000 barrels over February. The largest gathering was from Navarro county, 4,940,210 barrels. Wichita was second with 2,277,588 barrels and Limestone third, 1,510,538. Gatherings from other counties were: Archer 10,109, Atascosa 5,484, Bexar 13,564, Brazoria 420,579, Brown 4,897, Caldwell 471,318, Clay 3,285, Chambers 2,003, Coleman 553, Comanche 47,014, Eastland 467,181, Falls 1,860, Fort Bend 22,411, Freestone 42,815, Dardin 91,595, Harris 524,913, Jack 6,040, Jefferson 26,639, Liberty 684,773, McMullen 21,470, Marion 75,236, Matagorda 1,727, Milam 7,339, Orange 316,244, Palo Pinto 5,892, Shackelford 112,597, Stephens 550,901, Young 21,140 and Williamson 1,724.

Mrs. W. B. Landrum returned this morning from Waxahachie where she was a delegate to the W. M. S. annual conference. Her report will appear in Sunday's issue. This district won the loving cup given this year, which she brought home with her. She was also elected secretary for the district.

Mrs. J. J. Cook and little daughter, Jesse Mae, are here from Fort Arthur.

Relief Measure Considered In Lower House Congress

WASHINGTON, May 2.—The Agricultural Committee today laid before the House an informal report on the McNary-Haugen farm relief bill, with an analysis of existing ills in agriculture and the manner in which the bill is expected to cure them. Chairman Haugen said he expected to get the bill before the House before the week end. After describing the threatening situation in agriculture, the report declared: First, general emergency exists in agriculture. Second, creates a \$200,000 corporation, capital to be furnished by the government with a board of directors consisting of the Secretary of Agriculture and four members appointed by the president. Third, empowers the corporation to buy and sell farm crops and live stock.

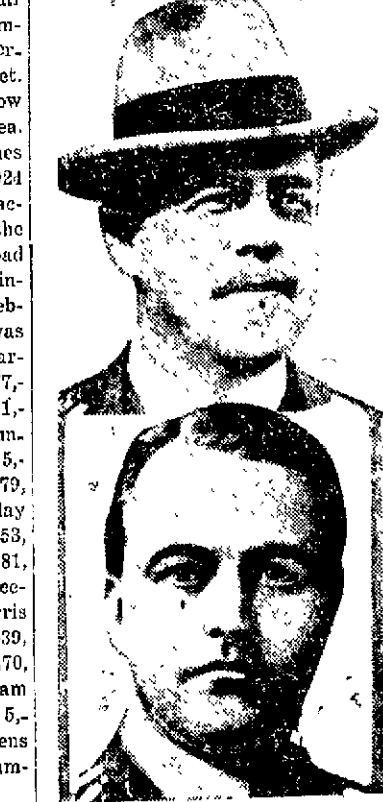

They Must Have Hit The Ground On Their Heads

DALLAS, Texas, May 2.—Six Ft. Worth negroes in an automobile plunged through the railing of the Oak Cliff viaduct today, thirty feet to the ground. Police and other bystanders summoned ambulances and heaves when they saw the machine turn flip and crash to the ground a complete wreck. Dug out from the wreckage the negroes chose to ride in ambulances. None were seriously hurt.

THE WEATHER.

East Texas.—Tonight and Saturday cloudy, probably showers on the coast.
West Texas.—Tonight and Saturday unsettled; warmer in Panhandle.

May Open G. O. P. Meet in Cleveland.

SENATOR FRANK B. WILLIS.

The names of United States Senator Frank B. Willis, of Ohio, and Representative Nicholas Longworth, of Ohio, Republican leader in the House, are under consideration by President Coolidge as temporary chairman of the Republican National Convention in Cleveland. It is said one of the two will be selected.

SHRINERS OPEN POPULARITY CAMPAIGN IN CITY

The Shrine banquet to be held in the Texas Cafe, Hurdleston Building, promises to be an interesting affair. The Troubadours, who have been playing at the Palace Theatre, have agreed to furnish several numbers and this feature alone is a drawing card. There are several numbers that are being kept dark, as surprises are always pleasant and the Shrine Club is always springing something on the Nobles.

Quite a number of reservations have been phoned to Shrine headquarters today and all Shriners are advised that even at this late hour arrangements may yet be made for a plate at the banquet. The fee will be worn.

Shrine headquarters opened their popularity campaign today, which will be fully announced and the names of the contestants will appear in Sunday's paper.

Circus tickets will each carry voting power and it is likely that a lively campaign will be waged for the favorite young lady who enters the race for popularity of the Shriners and their friends.

Any young lady interested in entering the race will please get in touch with Shrine headquarters of which E. L. Crow is chairman.

Some young lady will likely be presented with a present of a beautiful diamond ring, provided the majority voting declare she is the most popular of the race.

This will be a real sport and lots of fun for the contestants.

Arrangements are under way for decorating the city in appropriate Shrine colors, American flags, etc., for circus week and Mexia is going to put on a dressed up air, yet a hospitable spirit will be shown to the visitors in the city during circus week.

The chairman today urged that all interested merchants get in touch with him with reference to exhibits as a limited number can be had, even though there is space sufficient to accommodate quite a few interested firms.

NEFF TO SPEAK AT PALESTINE TONIGHT

AUSTIN, Texas, May 2.—Governor Neff left today for Palestine where he will make his final speech in his campaign for an unopposed delegation from Texas to the national democratic convention. The governor will not speak in Dallas preceding the county conventions Tuesday as was popularly supposed.

COMMITTEEMAN TALKS TO COOLIDGE TODAY

WASHINGTON, May 2.—William M. Butler, who will be chairman of the republican national committee, succeeding John T. Adams, arrived in Washington today to discuss with President Coolidge the organization of the national committee to conduct the convention.

PALESTINE, Texas, May 2.—A two day session of the Tyler-Jacksonville District Woman's Missionary Union of the First Baptist Church is in progress.

Judge and Mrs. W. M. White have returned from Dallas where they spent a few days this week.

Mr. and Mrs. C. S. Bond and family, of Groesbeck, visited Mr. and Mrs. David Murphy last Sunday.

Mrs. J. T. Jones and little daughter, Ester May, of Groesbeck, spent last week with relatives in Mexia.

W. B. Landrum was here Wednesday.

Figure in Thaw's Sanity Fight.

JUDGE MONAGHAN.

Judge Monaghan, of the Common Pleas Court, in Philadelphia, presided at the trial of the sanity proceedings by which Harry K. Thaw sought to regain his freedom. Attorney William A. Gray appeared as counsel for Evelyn Nesbit, Thaw's divorced wife, who fought his efforts to be freed.

Governor Hyde Stops Hanging Just In Time

JEFFERSON CITY, Mo., May 2.—Shortly before the death march to the gallows of John Lee, negro, sentenced to hang for the killing of Preston Young, his cell mate, announcement was made that Governor Hyde had commuted the sentence. The commutation came on Lee's birthday anniversary.

Mr. and Mrs. J. D. Hudson, of Persimmonville, were visitors to Mexia last week.

W. R. Norton of Corpus Christi was in the city Thursday visiting his sister, Mrs. S. E. Dunlap.

R. L. Moore of Corsicana was among the visitors to the city Wednesday.

G. Gossard was here Thursday from Hillsboro.

W. E. Bragg, of Corsicana, was among the visitors to Mexia Thursday.

Coolidge Proclaims Embargo On Sale And Shipment of Arms To Cubans At Their Own Request In Distressing Times

The Lions club at its Friday luncheon decided to invite the Mexia Gushers, now premier ball players of the Texas Association, to be their guests at the luncheon next Friday.

Miss Blanche Baldwin, of Persimmonville, is a guest in the home of her aunt, Mrs. Fred Rogers of Mexia.

Major Martin Yet Missing In Alaska Region

CARDOVA, Alaska, May 2.—Major Frederick L. Martin, commander of the American around-the-world flight, is still missing today. Martin left Chignik for Dutch Harbor in the seaplane Seattle Wednesday. Grave anxiety for the commander's safety is felt by those mostly concerned with the flight.

COROVIA, Alaska, May 2.—Coast Guard Cutters and fisher boats reported today their search for Major Frederick L. Martin, missing leader of the American airplane squadron, attempting to circle the globe, had thus far been fruitless.

Search is continuing along the icy barren coast for the aviator from whom no word has been received since he hopped off from Chignik just before noon Wednesday, bound for Dutch Harbor, Unalaska, where his three associates were awaiting his arrival to continue their flight.

Reports from Dutch Harbor said the weather was unfavorable. Effects of a blizzard which was raging when Major Martin took off for his hazardous flight were still being felt.

Gushers Come Home Sunday

The Gushers are home Sunday for eight days during which they will play Temple, Waco and Marlin at Gusher Park. They take on Temple for the first of a series of three games Sunday and on Wednesday they begin a series of three games with Waco. Next Saturday they will play the first of two games with Marlin. They go to Marlin next Sunday for one game.

W. H. Moon of Waco was in Mexia Wednesday.

Quitman Davis was here Wednesday from Corsicana.

H. C. Mille was a visitor Wednesday from Waco.

L. V. Scott of Waco was a Mexia visitor Wednesday.

T. J. Conway was here from Luling Wednesday.

H. E. Woody of Waco was in the city Thursday.

H. H. Moon, of Waco, was in the city Thursday.

Mr. and Mrs. Ed Rosa were here Thursday from Fort Worth.

H. L. Murray was here Friday from Scott, Texas.

M. N. McRae was here Thursday from Waco.

THE MENACE OF TAMMANY HALL

Tammany Hall is recognized throughout the United States as the wettest political organization in America. The late Charles F. Murphy, Tammany boss, obtained thru his chain of calous that influence which started him on his path to the chieftainship of that organization and alcohol has ever been a factor in the rule by this machine, which the Democratic party has had to contend with, please or support in New York state and which it has had to apologize for when making national campaigns. Although successful in electing the Mayor of New York City and Governor of New York, Tammany Hall has lost its grip to some extent in other political fields within its own state, and the fact that it was largely a brewery guided machine has made it distasteful to the millions of democrats who believe in a dry America. With the wets of the party and the wets of other political parties responsive to Tammany's leadership, it bids to be more powerful than in many years in the councils and conventions of the Democrats and Republicans. Mr. Smith is the recognized and indisputed choice of Tammany Hall on the Democratic ticket for President. He is the Governor of New York, which is considered the second most powerful office in the United States and as such has a machine and power of its own. He rose to his present prominence from the streets of New York, where as a struggling orphan he earned his living in childhood selling newspapers, sleeping wherever he could find some friendly shelter until the morning called him to his work. This dramatic and stirring history of his life will tangle the souls of many Americans who will recall the birth and rise of Abraham Lincoln from a poor and poverty no more pronounced than in his case and will win many votes. He is a Roman Catholic and certain to have the practically undivided following and ballots of that church. These facts are all pointed out to show the necessity of the party protesting itself against the nomination of Mr. Smith. The successor to Mr. Murphy as Tammany leader is said to be a man after the heart of his predecessor and Governor Smith. Already he is beginning his work, looking forward to the convention which he and his lieutenants will help to organize. It would, therefore, be wise for the dry and progressive democrats of Mexia, Limestone County and Texas not only to instruct for dry and progressive democrats for President and Vice President but also to instruct the delegation against even voting for any candidate brought out by Tammany Hall, be he Al Smith or otherwise.

TEXAS AT A GLANCE

Texas has served under six flags—French, Spanish, Mexican, Republic of Texas, Confederate States of America, and the United States. Texas won her independence from Mexico in 1836 and was admitted as a State to the United States in 1845. Texas has a land area of 268,780 square miles, made up of 246 counties. Texas has an area area approx-

mately 170,000,000 acres, of which according to the Government estimates, 112,000,000 acres are tillable. Of her tillable lands, less than one-fourth, or approximately 28,000,000 acres are in cultivation.

Texas has a population, according to 1920 census, of 4,663,228; in 1910, 3,396,152; in 1900, 3,018,719; in 1890, 2,235,523.

Texas' crop production in 1923 had a value of \$1,064,775,000, or an average of \$2,500 per farm for the State's 436,000 farms.

Texas' principal crop is cotton, but by no means the only crop. In 1923 Texas produced 4,290,000 bales of cotton, valued at \$902,080,000. This cotton production represented 42.5 per cent of the total American cotton crop.

Texas secondary crops, together with their values, were in round numbers, as follows (1923): Cotton Seed, \$96,000,000; Corn, \$96,000,000; Wheat, \$17,000,000; Oats, \$26,000,000; Barley, \$12,000,000; Rye, \$200,000; Rice, \$7,500,000; Grain Sorghum, \$47,500,000; Irish Potatoes, \$14,000,000; Sweet Potatoes, \$7,400,000; Broom Corn, \$800,000; Tame Hay, \$18,700,000; Wild Hay, \$2,300,000; Sorghum Syrup, \$2,150,000; Peanuts, \$1,850,000; Apples, \$125,000; Peaches, \$6,700,000; Pears, \$573,000; Cabbages, \$650,000; Lettuce, \$275,000; Onions, \$3,108,000; Watermelons, \$2,160,000; Sugar Cane Syrup, \$2,200,000; Cantaloupes, \$550,000. All other crops (Government estimate) \$60,600,000.

Texas leads all states in the production of beef cattle, mules, sheep and goats; is fourth in horses, sixth in dairy cattle, and seventh in swine.

Texas' lumber production is approximately 1,550,000,000 board feet annually, and has gone as high as 2,320,000,000 board feet annually.

Texas' oil production for 1923 was approximately 125,000,000 barrels—the largest in her history. In 1912, ten years earlier, the oil production was 15,000,000 barrels.

Texas' live stock has a total value of \$115,000,000, as follows: Beef Cattle, \$110,000,000; Sheep, \$10,000,000; Horses and Mules, \$57,000,000; Hogs, \$20,900,000; Poultry, \$16,875,000; Goats, \$2,800,000; Honey production, 5,000,000 pounds.

Texas' total annual mineral production, according to last census report, had a value of \$100,000,000—an increase of 1,333 per cent in last ten-year period.

Texas' annual mineral production follows: Bituminous coal, 361,000 tons; Lignite, 893,000 tons; Clay and Stone products, 2,900,000 barrels (cement), and Clay products valued at \$5,000,000; Sulphur, 1,000,000 tons; Gas, 41,500,000,000 cubic feet; Salt, 100,000 barrels; Silver, 600,000 fine ounces. Other mineral products include medical waters, lead, zinc, granite, marble, gypsum, building stone, trap rock and bituminous rock.

Texas has railroad mileage totaling 20,071 miles.

Texas has, according to 1920 census, 5,721 manufacturing institutions; employees, 107,000; capital stock, \$588,000,000; raw materials utilized, \$701,000,000; value of products, \$900,000,000. Manufactured products include leather goods, industrial machinery, cotton textiles, lumber, cotton seed products, petroleum

products, chemicals, garments, building materials, etc.

Texas is known as the "Lone Star State."

Texas' state flower is the blue-bonnet.

A RECORD TO BE REPEATED

Frank Wozencraft, former Mayor of Dallas, Rotarian speaker Thursday, stated at the outset of his address that he had never witnessed progress in any other city or institution equal to that of Mexia in the past three years. He referred to Mexia as being conceded the liveliest city of its size in the southwest. It is gratifying, he said, to the citizens of such a place to write "Mexia, Texas," after their names when they register at a hotel somewhere else.

To all of these remarks, the citizens of Mexia say "Amen." They know that the speaker is right in his opinion, which is the opinion of people generally who have visited Mexia or read the newspapers regarding the achievements of the citizenship of Mexia.

There's a reason for this progress. There's a reason for this reputation. There's a reason to expect a continuation of both. Mexia is located in the heart of the richest oil bearing region in the United States, in the heart of the best agricultural region in Texas and her people believe in their country and are ever glad to serve in the interest of general development.

Mexia is constantly attracting new citizens, new business men, new farmers, and under the able leadership of her outstanding characters, the future bears promise of duplicating the feat of the past three years.

Many opportunities abound in this section, not yet embraced by anyone.

DISTRICT MEETING TO BE AT COOLIDGE

The District Conference of the Methodist Episcopal Church South will meet from the 6th to the 8th of this month, inclusive, with the Methodists of Coolidge in the magnificent new church there. Many from here are expected to attend. The delegates are: Rev. W. B. Andrews, pastor, Albert H. Berry, Mrs. W. B. Landrum, Rev. J. G. Putman, Mr. and Mrs. Horace Stevens, Mrs. Albert Berry and Mrs. George Peyton. Rev. G. W. Kincheloe, pastor of the Mexia circuit will also attend as a delegate.

SHILOH VOTERS MEET SATURDAY AT 2 P. M.

The voters of the Shiloh box have been called to meet in precinct convention at 2 o'clock Saturday. The convention will assemble at the Shiloh school building at that time. Roy H. Stokes is chairman.

After the Gushers got started they made a clean sweep of it to first place. The race is now nip and tuck between Mexia, Waco and Corsicana.

Practically all of the twenty-five Junior Colleges in the state will participate in the Junior College track and field meet to be held under the auspices of Baylor University at Waco during the fifth and sixth of this month.

Merrill, pitcher for the Westminster College Wildcats, who followed Jeffries in the box for two innings struck out three men and did not allow a hit for the two innings, in spite of a sore right shoulder.

An independent baseball team has been organized in Teague and is eager to match games with other amateur teams in this section of the State. Verlough Geppert was elected business manager of the team and Roy Dunn captain. Only local talent will be used in any of the games, Manager Geppert announced. The team is working out daily and soon will be in good condition.

The Gushers play at Marlin this afternoon.

Jeffries, star left hander from Westminster College, who was ruled out of college baseball as ineligible, has reported to the Gushers at Marlin. Jeffries has the stuff and he ought to make good.

Sanders' pitching was the feature of the game yesterday. He got the best of the Marlin twirlers in a pitchers

duel giving Mexia a 3 to 2 victory over Bathers after the Bathers had run in the first score.

FIGHTS AND FIGHTERS

NEW YORK.—Pal Moran, New Orleans light weight and Louis Vicentini, Chilean champion, meet tonight in a 15 round contest in Madison Square Garden. The winner may be matched with Benny Leonard for the world's title.

PHILADELPHIA.—Mickey Walker, world's welter weight champion, will defend his title against Lew Tindler, Philadelphia, in a 10 round decision contest here on June 2.

TOLEDO.—Eddie O'Dowd, Columbus bantam, out-pointed Harry Gordon of New York, by a slight margin in a 10 round bout here last night.

BANGS, Texas, May 2.—Lee Yarbrough, butcher, struck a match in his meat vault and ignited some escaping gas. He is dead.

Warm Days Call Motorists to Trails of Romance

J. L. HAUSMANN

BEAUTY BECKONS

CHICAGO—With the approach of pleasant weather, the call of the trail is already in the air. Soon the highways of the nation will be swarming with motor tourists speeding toward romance and adventure. Transcontinental automobile travel this season bids fair to be the heaviest in history, according to T. L. Hausmann, president of the reorganized Templar Motor Car Company of Cleveland.

"I base this prediction largely on the fact that every succeeding year has broken all previous records," said Mr. Hausmann in an address here. "Transcontinental highways, moreover, are getting better and better each year and increased traffic is bringing about better accommodations for tourists, more adequate hotels, inns, garages, service stations and camp sites."

"Tourists travelling over the Lincoln Highway from New York to San Francisco will find a total of 361 miles of new construction completed during the past year. Of the 3,142 miles of the national thoroughfare, 2,600 miles are considered good for all-year use. Within five years, an all-weather route should be open from coast to coast."

"The increase in cross-country touring is bringing new ideas to the automobile industry. The movement has definitely set in for a longer-life car, as in the case of the Templar which we are building to give 100,000 miles of road service and still be a good car. Since the automobile has become a means of transportation for everybody, the idea of an annual trade-in is being discarded. It is too expensive to car owners, the majority of whom are persons of moderate means."

"In building the Templar for long life with a two-year guarantee on its engine and one-year guarantee on axles, we are only keeping up with public demands. The dealer is the link between public and manufacturer and the national Templar dealers' association which gives the dealer a voice and vote in all manufacturing and merchandising policies, insures the embodiment of the public's ideas in Templar cars."

Christian Endeavor Societies Of The Waco District Meet At Westminster College Three Days

Roy Jordan, President of the Waco Christian Endeavor District, of this city, Miss Laura McDonald, Secretary, and a large number of members from the societies of this city will meet for the next three days with other delegates to the annual district convention in the administration building of Westminster College at Tehuacana, 7 miles northwest of here.

The first session will be held tonight. The election of officers will be held Saturday and the convention will close Saturday night.

BAPTIST REVIVAL STIRS CHURCH MARKING ONE OF MOST FRUITFUL PERIODS IN LIFE OF CONGREGATION

The present week will long be remembered as an epochal one in the history of the Baptists of this city and community. It has been an old-fashioned revival period at the First Baptist church where the shouts of the saved have reminded veterans of the cross that Christ still has power with men, influence over their hearts and lives.

Inspirational preaching, testimonials with an appeal, singing with a soul, and prayers as fervent as ever ascended from earth to the heart of God, have been instrumental in working miracles today as wonderful as ever wrought by the Man of Nazareth when He went about healing the sick, opening the eyes of the blind, and unsealing the lips of the speechless dead. He has been saving men and women and children at the revival which has been in progress during the week drawing to a close. 75 or more have professed and almost as many added to the church.

Rev. W. O. Barnett, pastor of the Calvary Baptist church, at Dallas, close friend of the pastor, Rev. Joe Jeffers and Assistant Pastor, Rev. Paul Harper, has been doing the preaching throughout the week. He volunteered his services, without a cent from the congregation and community served, and has been putting his whole soul into the work. Morning services have been held at 10 o'clock. Large crowds have been attending on all occasions. It has proven to be a real revival and the church greatly edified.

According to the pastor, the revival has been the most notable in the history of the church.

The public is invited to all services.

DALLAS, Texas, May 2.—Women of the Ku Klux Klan from Texas and adjoining states are gathered here in annual "convocation." A membership campaign was outlined at the initial session.

Ladies permanent hair waving \$15 per head. Will be in Mexia for only a few days. Call Mrs. Degan, 501-J.

DENVER ADVISES TUBERCULAR PATIENTS TO STAY AT HOME UNLESS THEY HAVE MONEY

By H. R. COX
(United Press Staff Correspondent)
DENVER, May 1.—Tuberculosis patients who cast longing eyes toward Denver, centre of the Rocky Mountain resorts for sufferers from the white plague, are advised by medical authorities here to stay at home for treatment unless they have enough funds to keep them from one to three years without having to work. Their chances of being cured without funds are better at home than here.

"The part played by climate in the cure of tuberculosis is greatly over-exaggerated in the public mind," says Dr. Pohnanna J. Gellen of the Denver Municipal Tuberculosis Dispensary and of the tuberculosis wards of the General Hospital.

"Rest, fresh air, good food, peace of mind and means of future occupation are the great essentials. Some physicians say climate plays about a 10 per cent part in the cure of the disease. Everything else can be got at home. And climate without these other things is worthless."

Her comments were inspired by the difficult problem faced by medical authorities here each year of caring for hundreds of penniless transient patients.

Every one of the large numbers who line up each day for admission to the dispensary has come expecting to find health and comfort, without the means to purchase the necessities. Being non-residents most of them even have no legitimate claim on the city for free treatment.

Most of them, of course, are willing to work if they are able. But work is extremely hard to get in Denver. When a job is secured its pay is frequently too low to permit the necessities of the cure.

"The result is," says Dr. Gellen, "that these persons without money can't get the rest they must have away from home. They can't get good food. They may be forced to live in congested, smoky districts and in the poorest kind of rooms, so that the climate does them no good. And they certainly do not get peace of mind."

Better Stay at Home.

"It would be far better for them to stay at home, where they can be provided for and where they have legitimate claims for local and State aid, even though they have to forgo the climate."

"All this does not apply, of course, to people with means, who can live as well in one place as another. For them a trip to this climate is valuable. The ones of whom I am speaking are those who have little more than enough money to pay their fares."

In general, the policy of Denver has been to send as many as possible of these dispensary patients back to sanitariums in their home States. Many of these shifts have resulted in cures.

production has been largely increased while the sales and volume of business of the distributing division and the refiners show a substantial advance.

17 Lions Have 1000 Per Cent. Record

Seventeen Lions boast a 100 per cent attendance record for the month of April. They are: A. M. Wesson, S. J. Stuart, Walter Womack, John H. Sweat, G. T. Reaves, J. I. Riddle, J. Ormsby, W. B. Landrum, De Witt Lamb, Phil Karner, Fred Klotz, Reuben Jackson, J. L. Hearn, Gray Forrest, Sam Cox, J. H. Cason, and Roy Bass.

Progress Made On Helen Kirby Hall

AUSTIN, Texas, May 2.—With the completion of the first floor, it is apparent that the Helen Kirby Hall, dormitory for Methodist girls attending the University of Texas, will soon be a reality. The new dormitory will accommodate 100 girls, and is being built at a cost of \$124,000. It is located five blocks north of the campus on Guadalupe street. The building will be thoroughly modern, with brick facing over a heavily reinforced steel structure, practically fire-proof.

The architects' plans call for three reception rooms, a large one to provide for general gatherings, and two small ones for more limited grouping of the girls and their friends. The modern features will be still further improved by the addition of a laundry and a small kitchenette for private use.

The dormitory is named for the late Helen Marr Kirby, who was for 37 years dean of women at the University of Texas. She was one of the outstanding women of Methodism while she was connected with the University, and the thousands of girls who came under her influence on the campus were active in raising the necessary funds for the building.

TEXAS U GRADUATES ATTENDING YALE

AUSTIN, Texas, May 2.—Eighty graduates of the University of Texas have attended Yale University since 1908, according to statistics compiled by Yale officials. Texas is the only school in the South which has entered so considerable number of graduates at Yale, and the University of Chicago, the University of Michigan, and Western Reserve University are the only three institutions in the west which excel Texas in that respect.

Forty Five Tons Chinese Hair Shipped to Texas

GALVESTON, Texas, May 2.—At the rate of one pound of hair for each Chinese boy, it would take a Chinese city with twice the population of Galveston to supply the 90,051 pounds—45 tons of human hair—which were imported into Galveston during the month of February, according to statistics for the month at the United States customs house.

At 30 cents a pound the total import value of the human hair received at this port was \$29,998. The retail value of the hair was not given in the report from the customs house, nor were the number of Chinamen who were needed to supply this huge quantity of hair.

Cisco Daily News Staff Reorganized

CISCO, Texas, May 2.—Homer Knowles, well known Texas newspaperman, has been made business manager of the Cisco Daily News, following reorganization of the editorial staff. Knowles has been actively engaged in newspaper work for more than a score of years and was formerly with the Amarillo News, the Dodge City, Kans., Journal and the Alva, Okla., Courier-Review.

Boyce House, formerly with the Eastland Oil Belt News is editor of the News and Pierce Munsey, formerly in newspaper work in Kansas and Oklahoma has been appointed advertising manager.

F. J. Huey is publisher of the News.

THE FIRST METHODIST CHURCH

The pastor will preach at 11 a. m. and 8 p. m. Special music at each service by the choir.

Sunday School at 9:45. The Junior and Intermediate Leagues will meet at 3 and 4 p. m., in the primary room. The District Conference meets at Coolidge Tuesday morning and will run three days.

The Woman's Missionary Society Monday afternoon. Mrs. Landrum will make a report on the work of the annual meeting at Waxahachie. Prayer meeting Wednesday evening at 8 o'clock. The lesson is John 15:1-11.

G. T. Bowman of Ranger was among the Wednesday visitors to the city.

Mr. and Mrs. J. T. Bragg were visitors to Mexia from Corsicana Thursday.

A BROKEN OUT FACE HOLDS YOU BACK!

Many men and women of middle age feel that they have never had a chance to make anything out of themselves. But the main reason for it usually is that they let such things as pimples, rash, "breaking out," eczema, tetter, etc., on their face, neck, hands or arms, make them feel that they are not wanted around and they keep to themselves too much.

You can get just as much out of life as anyone. All you need is confidence in yourself, which you get naturally when you rid yourself of these skin troubles, if you just use Black and White Ointment and Soap. They are economically priced in generous packages. All dealers have them both. The 50c size of the Ointment contains three times as much as the 25c size. (Adv.)

RULES OF THE ROAD

There is an impression in the public mind that there is a large number of accidents to users of bicycles on the streets and highways of the nation.

A recent investigation of the State of Connecticut, however, would seem to disprove this theory. There, perhaps, are as many bicycles in Connecticut as in any other area of equal size. With the Connecticut figures as a basis, therefore, it will be shown that there are fewer accidents to bicyclists than to any other group of vehicle drivers, based upon an analysis of accidents per thousand vehicles.

The figures compiled by the Motor Vehicle Department of Connecticut show a total registration of 124,000 motor vehicles, and the number of bicycles ridden is estimated at 60,000. According to official statistics, the ratio of the number of bicycles per one fatality to operator is:

Bicycles, one in 6,000.

Motor Vehicles, passenger cars, one in 6,299.

Motor vehicles, commercial cars, one in 6,008.

Ratio per number of vehicles per one fatality to occupants, operators, passengers, one in 1,495.

The Bicycle Manufacturers' Association has gone on record as desiring to co-operate with motor vehicle departments of the various states in minimizing and avoiding accidents on highways to bicycle riders, and these statistics show that few accidents occur to riders between the ages of ten and eighteen. In fact, records show only three in one year.

The Bicycle Manufacturers' Association, in furtherance of its desire

to reduce accidents to the minimum, has recommended to all dealers that, when a sale of a bicycle is made, they instruct the purchaser as to the laws of the highways and also has recommended that each manufacturer insert in its catalogue and all printed matter the following:

1. The bicycle is a vehicle and therefore, entitled to the same rights and privileges on the highways enjoyed by horse-drawn vehicles or automobiles.
2. Observe the laws governing the use of highways.
3. Never ride on the wrong side of the road.
4. Do not "hitch on" to a vehicle.
5. Equip yourself with a bell or other warning device.
6. Use lamps at night for your own protection.

TELEGRAPH COMPANY TO MOVE SOON TO NEW HEADQUARTERS

The Western Union Telegraph Co. will soon be in its new up town home at 112 North Central Avenue, adjacent to The Mexia Daily News building. Workmen have been busy for the past two weeks, getting the new headquarters in readiness and the fixtures for the office are expected most any day. Following the arrival of these, it will be only a matter of hours until the new headquarters are occupied.

J. F. Casey was here Thursday from Corsicana.

W. J. Paris of Corsicana was in the city Thursday.

Sanitary Barber Shop Opened To Trade In Mexia

The Sanitary Barber Shop has just been opened on North Sherman Street, in the opera house building at the corner of Sherman and Palatine Street. A. C. Johnson and W. H. Vessel are the proprietors. They were formerly engaged at the Superior Service Shop and have many friends who are glad to see their new business venture.

The Mexia business district is constantly increasing and this enterprise marks another firm's entrance into the growing down town area.

The shop has been repainted and fixtures installed which work it as a most modern institution. A shower stand and bath room are maintained in connection with the shop, which is the only barber shop in the block where located.

CITY JAIL EMPTY NOW

For the first time this year the city jail was clear of occupants when the last inmate was let go Wednesday, the police department reported.

R. E. Marston of Corsicana was a visitor to Mexia Wednesday.

J. W. Hamilton of Waxahachie was here Wednesday.

ITCH!

MONEY BACK WITHOUT QUESTION

"HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) is fully authorized to return to you the purchase price. A Medford, Oklahoma man, among thousands who praise HUNT'S SALVE, says: "Some people dislike to call it the Itch, but candor compels me to admit I had it badly. Your Hunt's Salve, however, cured me after many other remedies had totally failed."

"HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) are especially compounded for the treatment of Itch, Eczema, Ringworm, Tetter and other itching skin diseases, and is sold on our money-back guarantee.

Remember, if it fails it costs you nothing, so give it a trial at our risk.

DIAMOND STAR
Pure Cane Sugar

IN A FEW DAYS our new Gulf Coast sugar refinery at Texas City, Texas, will begin operations. Its products will be marketed under the trade name

DIAMOND STAR

These products, consisting of a full line of pure cane sugars and syrups, will be of the highest grade which the most modern refining plant in the world can turn out. Because of the efficiency of this plant and its location on rail and tidewater, it can offer real advantages to dealers and consumers throughout the Southwest.

In order to introduce our lines more readily we have prepared a series of advertisements dealing in an interesting way with the food value of sugar, a subject on which many people are not fully informed, and with the ways in which it may be used.

This information, which will appear regularly in newspapers and other mediums in your territory, will appeal to every man

and woman who is interested in getting better food for less money. Watch for it. Ask for Diamond Star Sugar.

Mexia Motor Car Co., Inc.

500 East Commerce, Phone 213, Mexia, Texas
THIS IS A STUDEBAKER YEAR

SOURCE OF INSPIRATION

When Bernard Shaw, Chaucer, King or Robert Browning are spoken of in lecture, social converse or literature we all want to feel conversant enough with them to carry on the suggested line of thought or conversation.

Do we all know that Browning was a profound Bible student? Do we all realize that in his "Ring and the Book" there are five hundred Biblical phrases? Do we all consider that the writings of almost every author of eminence today contains phraseology of the Bible, and many replete with full quotations? How are we to acquire the familiarity which culture demands and is really necessary for intelligent comprehension if we do not know the sources of such references?

Bible reading helps us in every walk of life, both in material and spiritual development.

The easiest way to procure a Bible is to take advantage of the offer this paper is making. See Bible coupon printed in another column for the very favorable terms.

SALES AGAIN SET GREATER RECORD

For the third successive week Dodge Brothers dealers have broken all previous retail delivery records.

During the week ending April 5th, 6894 cars were delivered to purchasers. This was more than 100 in excess of the greatest previous week's business in Dodge Brothers history. This record, however, was of brief duration, as

the very next week saw the delivery of 6106 cars at retail.

And now it is disclosed by official figures from the factory that the week ending April 19th sets still another and much greater record, with 6576 deliveries to customers.

In neither case do these figures include cars delivered to purchasers in foreign countries.

The consistency with which Dodge Brothers business continues to mount is cited by factory officials as an indication of the public's widespread and emphatic endorsement of the unusual value in new line of Dodge Brothers motor cars. Week after week and month after month, since the quantity production was attained on the new types, new records have been established.

Every week in this period has exceeded in volume of business the corresponding week of any previous year.

Brakes Relined By Machinery

Modern methods outclass the hammer and chisel and crude way of riveting linings to bands.

Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had.

All you have to do is take your bands off and bring them in and we furnish the rivets and put them on free of charge.

For information, phone 709 or communicate with O. Y. Manning, 902 East Main Street, Mexia, Texas. 30E2

FOR SALE—Two nice registered Jersey cows with young calves. W. J. Sherrill, Route 7, Mexia, Tex. 30E2, 1921, and numbered on the Docket of

said Court No. 730, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of \$44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of \$44.50.

Wherefore, Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of \$44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have before and there before said Court, at said regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand, this 20th day of April, A. D., 1924.

O. KENNEDY,
Justice of the Peace,
Precinct No. 4 Limestone County, Texas.
(May 1-8-15-22)

NOTICE

This section of the county is free from quarantine and it is not compulsory that you dip your cattle. But in order to prevent any return of ticks and to clean your cattle of lice you should dip them. I have made arrangements thru the Commissioners Court to dip your cattle without cost to you, during March, April and May. I will dip on the following dates, weather permitting: Reunion Ground vat, April 15th; Rosson, April 18th; Springfield, April 20th; Trotter, April 22nd; L. C. Estes vat, April 24th. Other dates will be announced later. Notify your neighbors and make arrangements to dip on above dates. For further information, see O. LEWIS, Mexia, Texas.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Limestone County—Greeting:

You are hereby commanded to summon John H. Brown and M. J. Kallett by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, Texas, on the first Monday in May, A. D., 1924, the same being the 5th day of May, A. D., 1924, and there to answer a petition filed in said court on the 11th day of April, A. D., 1924, in a suit, numbered on the docket of said court as No. 4150-B, wherein Bradford Supply Company, a corporation is plaintiff, and John H. Brown and M. J. Kallett are defendants, and said petition alleging:

That plaintiff at the instance and

request of defendants on or about July 18, 1922 and covering a period through December, 1922, sold and delivered to them various goods, machinery and oil well supplies, amounting to the sum of \$1818.09, in consideration of which defendants promised to pay plaintiff upon demand said amount, all of which is fully shown by an itemized statement of the dates goods and amounts charged therefor attached to plaintiff's petition; that said material was used by defendants in the development and improvement of an oil and gas lease; that on March 28, 1923, plaintiff fixed a materialman's lien as required by law covering all the lease, leasehold estate, oil and gas rights in and under the following land: Being a part of the land owned by W. D. Freeman, H. W. Freeman and H. C. Freeman and described in a deed record in Vol. 105, page 434, deed records of Limestone County, Texas. Beginning in the southeast line of said tract, north 52 1/2 east, 497.7 vrs. from the southwest corner of the tract which is the southwest corner of a twenty acre tract heretofore leased to Joseph Danciger; Thence North 35 1/2 west with Danciger's northeast line, 356.7 vrs.; Thence north 52 1/2 east 168.2 vrs. to the southwest line of a 40 acre tract heretofore leased to R. L. Sprinkle; Thence south 35 1/2 east with Sprinkle's Southwest line, 356.7 vrs. to the southeast line of Freeman's tract which is R. L. Sprinkle's southwest corner; Thence south 52 1/2 west 155.2 vrs. to the place of beginning, containing 10 acres. That said lien was filed on said lease hold estate for oil and gas rights, said lease hold estate being known as the Wofford & Jackson lease, which was operated by Ben Wofford and M. M. Jackson under the firm name of Wofford & Jackson, as agents of these Defendants and the remaining joint owners. That said account is past due and unpaid and defendants have failed and refused to pay same or any part thereof except the sum of \$500.00 to plaintiff's damage in the sum of \$1319.09.

Wherefore plaintiff prays that defendants be cited to appear and answer herein, and that it have judgment foreclosing its Materialman's lien to satisfy said indebtedness of \$1318.09, together with costs of suit and such other relief as it may be justly entitled.

Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Groesbeck, Texas, this 11th day of April, A. D., 1924.

JOHNSON WAKEFIELD,
Clerk, District Court,
Limestone County.
By RUDY LAWLEY, Deputy.

Citizens Training Camps Attract Quite A Number of Mexia Youths

Quite a number of young men, from 17 to 24, in Mexia and in surrounding communities have made applications to attend the Citizens Military Training Camp at Fort Sam Houston, Texas, from August 1st to August 31st.

Some of these have already heard from their applications for admittance and have passed the medical examinations required.

Interested parties may write for information to Major William Noble, Oklahoma City, who will state how they may be admitted either to the camp at Fort Sam Houston or at Fort Sill, Oklahoma.

Attendance in the Training Camp does not constitute any present or future contract of enlistment in the Army of the United States.

The United States Government pays the expense of those attending, including transportation to and from camp, uniforms, food and medical attention.

The object of the Training Camp is to bring young men of high type from all sections of the country on a common basis of equality and under the most favorable conditions of outdoor life; to stimulate and promote good citizenship; patriotism and Americanism, and to realize their obligations to their country.

Pupils To See Robin Hood At The National

Manager P. M. Box of the National Theatre announces that he will treat the school children of the district Saturday morning at 10:00 o'clock to that stirring picture which young and old alike enjoy, "Robin Hood."

Many of the teachers of the local schools were invited to see the picture Thursday night and Superintendent C. A. Puckett of the Public Schools will appoint one of the teachers to explain the pictures as they are shown, bringing out the great truths, morals and lessons of Robin Hood. Thus the illustrated lecture and show will be most profitable to the pupils attending. The admission for this special picture has been reduced to ten cents for the occasion. Mr. Box states he is anxious to cooperate with the educational leaders of this community and this effort is in line with that desire. Whatever overflow there is, he says, will be taken care of at the Palace Theatre.

According to legend Robin Hood, he of infinite exploits of matchless valor in the days of chivalry eight hundred years gone, hit upon a clever method of avoiding the odium of robbery when he audaciously dedicated himself to the occupation of "robbing the rich to feed the poor."

He made a practice of inviting wealthy men to dine with him and he played the part of a most hospitable host, affording his guests feasts on the best of high class edibles, including rare venison and choice fowls. Then at the conclusion of each such repast, he would appear suddenly armed with his trusty bow-and-arrow, and using this to impress his seriousness, would demand that each guest pay

for his dinner. Invariably the daring adventurer would specify the sum each must pay, and pay it he did rather than suffer the consequences of coming in contact with a deadly arrow.

It is claimed that following each of these incursions on purse and pelf, there would be an era of plenty in whatever district Robin Hood happened to be, because he would always divide the spoils with the needy his generosity and charity being without parallel. Naturally, he was much beloved by the poor and just as naturally he was feared and hated by those better blessed financially.

But his idea of making the fiddlers pay when they assembled around his festive board was unique to say the least, and if it did lack in legality, it did not fail to do good in quarters most needing a little of the good of a sincere helping-hand.

As played by Douglas Fairbanks in his elaborate screen production, "Douglas Fairbanks in Robin Hood," this character compels unstinted admiration, his charmingly romantic penchant being especially stressed in this notable characterization, which bids fair to live in cinema history as one of the most conspicuous triumphs ever attained by any star in any historic effort.

COMMERCE—The new switchboard equipment of the Gulf States Telephone Company plant here is being installed. This will complete a general reconditioning and improvement of the telephone service here.

McALLEN—The new city water supply has been turned into the mains here and this city now has adequate filtered river water supplied from a reservoir of great capacity by powerful electrical pumps.

DALLAS—Concrete platforms for use of street car passengers are being erected by the Dallas Railway Company at the entrance of the State Fair Park. These are for added safety and convenience of the public.

CHARLIE CLOVER ANNOUNCES FOR JUSTICE OF THE PEACE

In the candidates column of this paper appears the name of Charles L. Clover, who aspires to the office of the Justice of the Peace of the Mexia Precinct. He solicits the support, influence and votes of the citizens of the area comprising this precinct and pledges to strive constantly to merit such confidence and to measure up to the qualifications that should govern a man holding this responsible and important office. He believes in the majesty as well as in the dignity of the court. Although there are courts higher, above and superior to the Justice of Peace Courts, he states that the fundamentals of justice and law should prevail in the latter with the same force and influence as in the others. If honored by a majority of votes in this precinct, his sole pledge is to give the people an administration based on the constitution, law and order.

Mr. Clover came to Mexia three years ago and has won for himself a large coterie of friends who know and highly esteem him as an honorable, genial gentleman. They have found him standing for law and order, in his own modest way, ever willing to do his part in moulding sentiment

favorable to righteousness in public service and in private thinking, and always ready to help in the plans of progress laid by the loyal friends and leaders of this community.

His record prior to his residence here also corresponds with this reputation. Consequently it has not been a surprise that friends of influence from such a class have urged him to offer for the office of Justice of the Peace. This he has consented to do and is now dependent upon his friends and those who believe in such ideals as he stands for to bring about his election to this office.

NEWS FROM OUR NEIGHBORS HUBBARD.

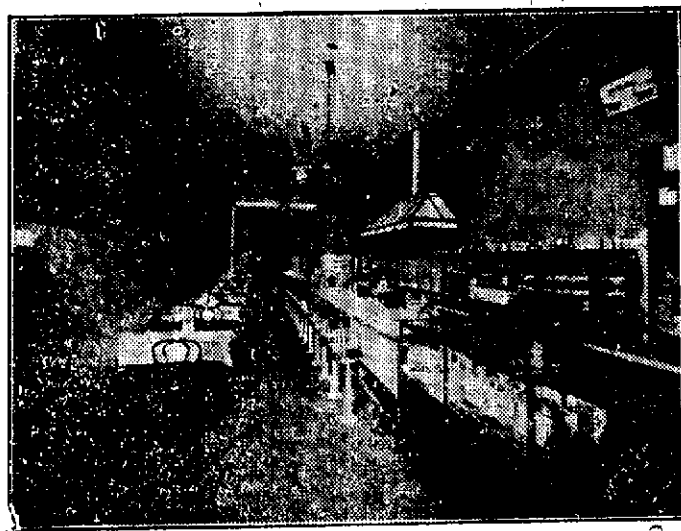

Considerable excitement was created last Sunday night when Elmer Preston reported to the local officers that a highwayman had tried to hold him up on the highway between Hubbard and Mt. Calm and fired three shots at him when he refused to obey their orders.

P. B. Welis and Dr. R. B. Harris, representing the State Health Department, were in Hubbard Wednesday and made a preliminary survey of the sanitary condition of Hubbard, and were well pleased with the conditions found.

GROESBECK.

Monday, May 5th is bargain day in Groesbeck. At this time the shoppers who come to this city will be given the opportunity to buy seasonable merchandise at 46 Groesbeck stores at the lowest possible prices.

Mr. and Mrs. H. H. Hay, of Fort Worth, were in the city Thursday.

During These Hot Summer Days Why Not Drop into

Jay's Cafe

Ice Cold Salads, Meats, Short Cakes, Sandwiches of All Kinds

ATHENS—The new plant of the Hugh Drane Ice Company here is being connected with the electric transmission lines of the Texas Power and Light Company and will be ready to begin operations in a few days.

DALLAS—A second electric substation for Oak Cliff has become necessary due to the growth of that section of the city and the Dallas

Power and Light Company have made plans for construction at a cost of about \$175,000.

DENISON—Underground cables are being placed in the business section of this city by the Southwestern Bell Telephone Company. Overhead cables will be removed.

LANDIS SPRINGS SENSATIONAL TESTIMONY

Agricultural Conditions Said To Be Threatening Commander Of U. S. Globe Flier Not Yet Found

Grosman Never Served A Day Of Sentence He Says

WASHINGTON, May 2.—Judge Kenesaw Mountain Landis furnished a new thrill today in the Senate investigation of Former Attorney General Daugherty. Landis testified in the case of Phil Grossman, Chicago saloon keeper pardoned by President Coolidge. Grossman was sentenced to a year in jail by Judge Landis for contempt of court in a liquor violation case. The saloon-keeper never served a day, according to testimony. Landis said Grossman operated a regular saloon and that six witnesses testified that they saw him selling whiskey.

WATCHING THE SCOREBOARD

Yesterday's hero: Weiland Dean. The young Giant pitcher got two singles, scored two runs and drove in one and won his second game of the season by beating the Braves, 9 to 1. Bob Meusel fanned for the third out in the ninth inning with the winning runs on third and second and the Senators beat the Yankees, 3 to 2.

Massing their attack in three innings, the Robins beat the Phils 14 to 4. Stock, new Robin third baseman, got three singles in five times up. Stutz's error helped the Reds to score their only run off Eldridge and the Cubs moved into second place with an 8 to 1 victory.

Homers by Williams and Tobin with two on helped the Browns beat the Tigers 8 to 7. After winning three straight games, Whitehill, young Tiger pitcher, was knocked out of the box.

Rommell was knocked out of the box and the Red Sox beat the Athletics 5 to 1.

Shoup dropped a throw at first base with two down and started a rally which enabled the White Sox to beat the Indians 13 to 7.

Bunched hits in the third and sixth innings gave the pirates an 8 to 6 victory over the Cards.

Yesterday's Home Run Hitters.

Hammett, Cubs, 1.
Hauser, Athletics, 1.
Jacobson, Browns, 1.
K. Williams, Browns, 1.
C. Williams, Phils, 1.
Tobin, Browns, 1.
With Babe Ruth at Bat.
First inning—walked.
Fourth inning—popped to Harris.
Sixth inning—grounded to Johnson.
Seventh inning—walked.
Ninth inning—grounded to first.

FOLLIES GIRL GETS HER PAIL RIGHT

NEW YORK, May 2.—The half million dollars damage suit of Helen Jessmer, former follies girl, against Philip Plant, youthful millionaire, was settled by agreement between the litigants here today. The amount that Miss Jessmer will receive was not made public.

Father Kills Two Of His Children And Wounds Another After Which He Turns Gun And Kills Himself

W. L. Cornelius, J. J. Beckham, Sanford and Buster Montgomery, Donald Stevens, and Odis Odom returned Wednesday from a three day fishing trip to Trinity river. Mr. Cornelius reported that the party enjoyed a fine time on their trip, catching about 75 pounds of fish and 80 pounds of turtles.

Sends in Eight Runs in One Inning.

PAUL J. STEWART
Paul J. Stewart, ex-University of Illinois baseball star, established a new world's record at Bloomington, Ill., when he knocked two home runs in one inning, each time with the bases filled—sending in a total of eight runs. He plays on the Bloomington team.

Wadsworth Slated For Chairman By G. O. P. Leaders

WASHINGTON, May 2.—Senator James Wadsworth of New York is slated for permanent chairman of the republican national convention, according to indications at the White House today. Wadsworth conferred with Secretary Slomp. Later it was indicated that Wadsworth had been picked.

VISITORS SURPRISED AT BIG PLANT HERE

Frank W. Wenzelcraft, former Mayor of Dallas, while visiting Mexia Thursday, spent a very pleasant half hour at the office of The News, going through the plant while here. He stated that he was surprised to see such a magnificent printing plant as that owned by the News Publishing Company. "You have the best plant outside of the big cities of Texas in Texas," he said.

Word has been received from Mr. and Mrs. W. K. Boyd, now visiting in Enterprise, Mississippi, in which they state that they will return home next week. They will leave there next Monday.

Judge I. W. Keys has been a business visitor to Dallas for the past few days.

EYES OF OILDOM SEARCHING FOR NEW FIELDS IN TEXAS

The Bazette section is now not looking so good, according to opinions expressed by oil men of this district. Eyes are therefore now searching in other directions for the next probable or most likely oil producing area to be discovered.

The E. L. Smith Oil Company's test in Hopkins County, near Greenville, is reaching an interesting depth and will be watched for several days with increasing interest. This marks the first wildcat test sent down by this company. It has been most fortunate in practically all investments made in the proven areas. Three times, it marched ahead of operations and development in the Powell field and sent down semi-wildcats all of which turned out to be among the biggest producers there.

The information now getting to all stockholders regarding the stability of the company, its economical, honest and intelligent operation, has caused E. L. Smith Oil Company stock to gradually rise on the markets of the country and the demand now is understood to be greater than the supply.

J. K. Hughes of the Developing company has been in West Texas fields this week. He is expected to return home Friday night. The daily production of this company in the Mexia district continues to hold up well, increased by the rising yield in the Luling area.

The production of the field this week averaged around 150,000 barrels daily. The wind storm early in the week blew down a number of derricks. Some of these are being rebuilt, while activity there is going forward on a normal basis, with additional producers each week.

Wildcat circles near Mexia have not proven sensational during the present week. No new developments mark the period.

Quite a number of employees of the Pure Oil Company have been recalled to Mexia where the company maintains its Texas headquarters.

The Gulf company completed a new well on the McKie tract good for about 1,600 barrels initial flow a day. The well is the No. 2 test on the 22-acre strip lease held by the Gulf off-setting the Kirby Petroleum company's lease lying north of Tucker town. The sand depth is 2,901-30 feet.

Completions are dull with only now and then a new one on the inside area. Oil gathered by Texas pipe lines during the month of March, 1924 amounted to 13,128,470 barrels, according to a statement issued by the oil and gas division of the Railroad Commission. This represents an increase of 5,000,000 barrels over February. The largest gathering was from Navarro county, 4,940,210 barrels. Wichita was second with 2,277,388 barrels and Limestone third, 1,510,538. Gatherings from other counties were: Archer 10,109, Atacosa 5,484, Bexar 13,564, Brazoria 420,579, Brown 4,897, Caldwell 471,318, Clay 3,285, Chambers 2,003, Coleman 553, Comanche, 47,914, Eastland 467,181, Falls 1,860, Fort Bend 22,411, Freestone 42,845, Bardin 701,595, Harris 524,913, Jack 6,649, Jefferson 26,639, Liberty 684,774, McMullen 24,470, Marion 75,236, Matagorda 1,727, Milam 7,339, Orange 316,244, Palo Pinto 5,892, Shackelford 112,597, Stephens 580,901, Young 21,140 and Williamson 1,724.

Mrs. W. B. Landrum returned this morning from Waxahachie where she was a delegate to the W. M. S. annual conference. Her report will appear in Sunday's issue. This district won the loving cup given this year, which she brought home with her. She was also elected secretary for the district.

Mrs. J. J. Cook and little daughter, Jesse Mae, are here from Fort Arthur.

Relief Measure Considered In Lower House Congress

WASHINGTON, May 2.—The Agricultural Committee today laid before the House an informal report on the McNary-Haugen farm relief bill, with an analysis of existing ills in agriculture and the manner in which the bill is expected to cure them. Chairman Haugen said he expected to get the bill before the House before the week end. After describing the threatening situation in agriculture, the report declared: First, general emergency exists in agriculture. Second, creates a \$200,000 corporation, capital to be furnished by the government with a board of directors consisting of the Secretary of Agriculture and four members appointed by the president. Third, empowers the corporation to buy and sell farm crops and live stock.

They Must Have Hit The Ground On Their Heads

DALLAS, Texas, May 2.—Six Ft. Worth negroes in an automobile plunged through the railing of the Oak Cliff viaduct today, thirty feet to the ground. Police and other bystanders summoned ambulances and hearsemen when they saw the machine turn flip and crash to the ground a complete wreck. Dug out from the wreckage the negroes chose to ride in ambulances. None were seriously hurt.

THE WEATHER.

East Texas.—Tonight and Saturday cloudy, probably showers on the coast.
West Texas.—Tonight and Saturday unsettled; warmer in Panhandle.

May Open G. O. P. Meet in Cleveland.

FRANK B. WILLIAMS
The names of United States Senator Frank B. Williams, of Ohio, and Representative Nicholas Longworth, of Ohio, Republican leaders in the House, are under consideration by President Coolidge as temporary chairmen of the Republican National Convention in Cleveland. It is said one of the two will be selected.

SHRINERS OPEN POPULARITY CAMPAIGN IN CITY

The Shrine banquet to be held in the Texas Cafe, Hurdleston Building, promises to be an interesting affair. The Troubadours, who have been playing at the Palace Theatre, have agreed to furnish several numbers and this feature alone is a drawing card. There are several numbers that are being kept dark, as surprises are always pleasant and the Shrine Club is always springing something on the Nobles.

Quite a number of reservations have been phoned to Shrine headquarters today and all Shriners are advised that even at this late hour arrangements may yet be made for a plate at the banquet.

The fee will be worn. Shrine headquarters opened their popularity campaign today, which will be fully announced and the names of the contestants will appear in Sunday's paper.

Circus tickets will each carry voting power and it is likely that a lively campaign will be waged for the favorite young lady who enters the race for popularity of the Shriners and their friends.

Any young lady interested in entering the race will please get in touch with Shrine headquarters of which E. L. Crow is chairman.

Some young lady will likely be presented with a present of a beautiful diamond ring, provided the majority voting declare she is the most popular in the race.

This will be a social sport and lots of fun for the contestants.

Arrangements are under way for decorating the city in appropriate Shrine colors, American flags, etc., for circus week and Mexia is going to put on a dressed up air, yet a hospitable spirit will be shown to the visitors in the city during circus week.

The chairman today urged that all interested merchants get in touch with him with reference to exhibits as a limited number can be had, even though there is space sufficient to accommodate quite a few interested firms.

NEFF TO SPEAK AT PALESTINE TONIGHT

AUSTIN, Texas, May 2.—Governor Neff left today for Palestine where he will make his final speech in his campaign for an unopposed delegation from Texas to the national democratic convention. The governor will not speak in Dallas preceding the county conventions Tuesday as was popularly supposed.

COMMITTEEMAN TALKS TO COOLIDGE TODAY

WASHINGTON, May 2.—William M. Butler, who will be chairman of the republican national committee, succeeding John T. Adams, arrived in Washington today to discuss with President Coolidge the organization of the national committee to conduct the convention.

PALESTINE, Texas, May 2.—A two day session of the Tyler-Jacksonville District Woman's Missionary Union of the First Baptist Church is in progress.

Judge and Mrs. W. M. White have returned from Dallas where they spent a few days this week.

Mr. and Mrs. C. S. Bond and family, of Groesbeck, visited Mr. and Mrs. David Murphy last Sunday.

Mrs. J. T. Jones and little daughter, Ester May, of Groesbeck, spent last week with relatives in Mexia.

W. B. Landrum was here Wednesday.

Figure in Thaw's Sanity Fight.

JUDGE MONAGHAN, of the Common Pleas Court, in Philadelphia, presided at the trial of the sanity proceedings by which Harry K. Thaw sought to regain his freedom. Attorney William A. Gray appeared as counsel for Evelyn Nesbit, Thaw's divorced wife, who fought his efforts to be freed.

Judge Monaghan, of the Common Pleas Court, in Philadelphia, presided at the trial of the sanity proceedings by which Harry K. Thaw sought to regain his freedom. Attorney William A. Gray appeared as counsel for Evelyn Nesbit, Thaw's divorced wife, who fought his efforts to be freed.

Governor Hyde Stops Hanging Just In Time

JEFFERSON CITY, Mo., May 2.—Shortly before the death march to the gallows of John Lee, negro, sentenced to hang for the killing of Preston Young, his cell mate, announcement was made that Governor Hyde had commuted the sentence. The commutation came on Lee's birthday anniversary.

Mr. and Mrs. J. D. Hudson, of Personville, were visitors to Mexia last week.

W. R. Norton of Corpus Christi was in the city Thursday visiting his sister, Mrs. S. E. Dunlap.

R. L. Moore of Corsicana was among the visitors to the city Wednesday.

G. Gossard was here Thursday from Hillsboro.

W. E. Bragg, of Corsicana, was among the visitors to Mexia Thursday.

Major Martin Yet Missing In Alaska Region

CORDOVA, Alaska, May 2.—Major Frederick L. Martin, commander of the American around-the-world flight, is still missing today. Martin left Chignik for Dutch Harbor in the seaplane Seattle Wednesday. Grave anxiety for the commander's safety is felt by those most concerned with the flight.

CORDOVA, Alaska, May 2.—Coast Guard Cutters and fisher boats reported today their search for Major Frederick L. Martin, missing leader of the American airplane squadron, attempting to circle the globe, had thus far been fruitless.

Search is continuing along the icy barren coast for the aviator from whom no word has been received since he hopped off from Chignik just before noon Wednesday, bound for Dutch Harbor, Unalaska, where his three associates were awaiting his arrival to continue their flight.

Reports from Dutch Harbor said the weather was unfavorable. Effects of a blizzard which was raging when Major Martin took off for his hazardous flight were still being felt.

Gushers Come Home Sunday

The Gushers are home Sunday for eight days during which they will play Temple, Waco and Marlin at Gusher Park. They take on Temple for the first of a series of three games Sunday and on Wednesday they begin a series of three games with Waco. Next Saturday they will play the first of two games with Marlin. They go to Marlin next Sunday for one game.

W. H. Moon of Waco was in Mexia Wednesday.

Quitman Davis was here Wednesday from Corsicana.

H. C. Mille was a visitor Wednesday from Waco.

L. V. Scott of Waco was a Mexia visitor Wednesday.

T. J. Conway was here from Luling Wednesday.

H. E. Woody of Waco was in the city Thursday.

H. H. Moon, of Waco, was in the city Thursday.

Mr. and Mrs. Ed Rosa were here Thursday from Fort Worth.

Coolidge Proclaims Embargo On Sale And Shipment of Arms To Cubans At Their Own Request In Distressing Times

The Lions club at its Friday luncheon decided to invite the Mexia Gushers, now premier ball players of the Texas Association, to be their guests at the luncheon next Friday.

Miss Blanche Baldwin, of Personville, is a guest in the home of her aunt, Mrs. Fred Rogers of Mexia.

WASHINGTON, May 2.—President Coolidge today issued a proclamation declaring an embargo on the sale and shipment of arms to Cuba. In an accompanying announcement by the State Department it was revealed, that the Cuban government formally requested the embargo because of revolutionary conditions in the islands.

Entered as second-class matter, February 25, 1919, at the Postoffice at Mexia, Texas, under the act of March 3, 1879.

THE MENACE OF TAMMANY HALL.

Tammany Hall is recognized throughout the United States as the wettest political organization in America. The late Charles F. Murphy, Tammany Boss, obtained through his chain of saloons that influence which started him on his path to the chieftainship of that organization and alcohol has ever been a factor in the rule by this machine, which the Democratic party has had to contend with, please or support in New York state and which it has had to apologize for when making national campaigns. Although successful in electing the Mayor of New York City and Governor of New York, Tammany Hall has lost its grip to some extent in other political fields within its own state, and the fact that it was largely a brewery-guided machine has made it distasteful to the millions of democrats who believe in a dry America. With the wets of the party and the wets of other political parties responsive to Tammany's leadership, it bids to be more powerful than in many years in the councils and conventions of the Democrats and Republicans. Mr. Smith is the recognized and indorsed choice of Tammany Hall on the Democratic ticket for President. He is the Governor of New York, which is considered the second most powerful office in the United States and as such has a machine and power of its own. He rose to his present eminence from the streets of New York, where as a struggling orphan he earned his living in childhood selling newspapers, sleeping wherever he could find some friendly shelter until the morning called him to his work. This dramatic and stirring history of his life will tingle the souls of many Americans, who will recall the birth and rise of Abraham Lincoln from squalor and poverty no more pronounced than in his case and will win many votes. He is a Roman Catholic and certainly to have the practically undivided following and ballots of that church. These facts are all pointed out to show the necessity of the party protecting itself against the nomination of Mr. Smith. The successor to Mr. Murphy as Tammany leader is said to be a man after the heart of his predecessor and Governor Smith. Already he is beginning his work, looking forward to the convention which he and his henchmen will help to entertain. It would, therefore, be wise for the dry and progressive democrats of Mexia, Limestone County and Texas not only to instruct for dry and progressive democrats for President and Vice-President but also to instruct the delegation against ever voting for any candidate brought out by Tammany Hall, be he Al Smith or otherwise.

TEXAS AT A GLANCE

Texas has served under six flags—French, Spanish, Mexican, Republic of Texas, Confederate States of America, and the United States. Texas won her independence from Mexico in 1836 and was admitted as a State to the United States in 1845. Texas has a land area of 267,780 square miles, made up of 246 counties.

Texas has an acre area approxi-

mately 170,000,000 acres, of which according to the Government estimates, 112,000,000 acres are tillable. Of her tillable lands, less than one-fourth, or approximately 28,000,000 acres are in cultivation.

Texas has a population, according to 1920 census, of 4,663,228; in 1910 3,896,452; in 1900, 3,048,719; in 1890, 2,235,523.

Texas' crop production in 1923 had a value of \$1,064,775,000, or an average of \$2,500 per farm for the State's 436,000 farms.

Texas' principal crop is cotton, but by no means the only crop. In 1923 Texas produced 4,290,000 bales of cotton, valued at \$602,080,000. This cotton production represented 42.5 per cent of the total American cotton crop.

Texas secondary crops, together with their values, were in round numbers, as follows (1923): Cotton Seed, \$96,000,000; Corn, \$96,000,000; Wheat, \$17,000,000; Oats, \$26,000,000; Barley, \$12,000,000; Rye, \$200,000; Rice, \$7,500,000; Grain Sorghum, \$43,500,000; Irish Potatoes, \$3,030,000; Sweet Potatoes, \$7,400,000; Broom Corn, \$800,000; Tame Hay, \$18,700,000; Wild Hay, \$2,800,000; Sorghum Syrup, \$2,150,000; Peanuts, \$4,850,000; Apples, \$125,000; Peaches, \$6,700,000; Pears, \$530,000; Cabbage, \$650,000; Lettuce, \$275,000; Onions, \$3,108,000; Watermelons, \$2,100,000; Sugar Cane Syrup, \$2,200,000; Cantaloupes \$550,000. All other crops (Government estimate) \$69,600,000.

Texas leads all states in the production of beef cattle, mules, sheep and goats; is fourth in horses, sixth in dairy cattle, and seventh in swine.

Texas' lumber production is approximately 1,650,000,000 board feet annually, and has gone as high as 2,229,000,000 board feet annually. Texas' oil production for 1923 was approximately 123,000,000 barrels—the largest in her history. In 1913, ten years earlier, the oil production was 15,000,000 barrels.

Texas' live stock has a total value of \$315,000,000, as follows: Beef Cattle, \$110,000,000; Sheep, \$19,400,000; Horses and Mules, \$57,000,000; Hogs, \$20,500,000; Poultry, \$10,675,000; Goats, \$2,500,000; Honey production, 5,000,000 pounds.

Texas' total annual mineral production, according to last census report, had a value of \$160,000,000—an increase of 1,393 per cent in last ten-year period.

Texas' annual mineral production follows: Bituminous coal, 361,000 tons; Lignite, 893,000 tons; Clay and Stone products, 2,000,000 barrels (cement), and Clay products valued at \$5,000,000; Sulphur, 1,000,000 tons; Gas, 44,500,000,000 cubic feet; Salt, 400,000 barrels; Silver, 600,000 fine ounces. Other mineral products include medical waters, lead, zinc, granite, marble, gypsum, building stone, trap rock and bituminous rock.

Texas has railroad mileage totaling 20,074 miles.

Texas has, according to 1920 census, 5,721 manufacturing institutions; employees, 107,000; capital stock, \$588,000,000; raw materials utilized, \$701,000,000; value of products, \$999,000,000. Manufactured products include leather goods, industrial machinery, cotton textiles, lumber, cotton seed products, petroleum

products, chemicals, garments, building materials, etc.

Texas is known as the "Lone Star State."

Texas' state flower is the blue-bonnet.

A RECORD TO BE REPEATED

Frank Wozencraft, former Mayor of Dallas, Rotarian speaker Thursday, stated at the outset of his address that he had never witnessed progress in any other city or institution equal to that of Mexia in the past three years. He referred to Mexia as being conceded the liveliest city of its size in the southwest. It is gratifying, he said, to the citizens of such a place to write "Mexia, Texas," after their names when they register at a hotel somewhere else.

To all of these remarks, the citizens of Mexia say "Amen." They know that the speaker is right in his opinion, which is the opinion of people generally who have visited Mexia or read the newspapers regarding the achievements of the citizenship of Mexia.

There's a reason for this progress. There's a reason for this reputation. There's a reason to expect a continuation of both. Mexia is located in the heart of the richest oil bearing region in the United States, in the heart of the best agricultural region in Texas and her people believe in their country and are ever glad to serve in the interest of general development.

Mexia is constantly attracting new citizens, new business men, new farmers, and under the able leadership of her outstanding characters, the future bears promise of duplicating the feat of the past three years.

Many opportunities abound in this section, not yet embraced by anyone.

DISTRICT MEETING TO BE AT COOLIDGE

The District Conference of the Methodist Episcopal Church South will meet from the 6th to the 8th of this month, inclusive, with the Methodists of Coolidge in the magnificent new church there. Many from here are expected to attend. The delegates are: Rev. W. B. Andrews, pastor, Albert H. Berry, Mrs. W. B. Landrum, Rev. J. G. Putman, Mr. and Mrs. Horace Stevens, Mrs. Albert Berry and Mrs. George Peyton. Rev. G. W. Kincheloe, pastor of the Mexia circuit will also attend as a delegate.

SHILOH VOTERS MEET SATURDAY AT 2 P. M.

The voters of the Shiloh box have been called to meet in precinct convention at 2 o'clock Saturday. The convention will assemble at the Shiloh school building at that time. Roy H. Stokes is chairman.

ALWAYS READY FOR Baker's Breakfast Cocoa

After the Gushers got started they made a clean sweep of it to first place. The race is now nip and tuck between Mexia, Waco and Corsicana.

Practically all of the twenty-five Junior Colleges in the state will participate in the Junior College track and field meet to be held under the auspices of Baylor University at Waco during the fifth and sixth of this month.

Merrill, pitcher for the Westminster College Wildcats, who followed Jeffries in the box for two innings struck out three men and did not allow a hit for the two innings, in spite of a sore right shoulder.

An independent baseball team has been organized in Teague and is eager to match games with other amateur teams in this section of the State. Verlough Geppert was, elected business manager of the team and Roy Dunn captain. Only local talent will be used in any of the games, Manager Geppert announced. The team is working out daily and soon will be in good condition.

The Gushers play at Marlin this afternoon.

Jeffries, star left hander from Westminster College, who was ruled out of college baseball as ineligible, has reported to the Gushers at Marlin. Jeffries has the stuff and he ought to make good.

Sanders' pitching was the feature of the game yesterday. He got the best of the Marlin twirlers in a pitchers

duel giving Mexia a 3 to 2 victory over Bathurs after the Bathurs had run in the first score.

FIGHTS AND FIGHTERS

NEW YORK.—Pal Moran, New Orleans light weight and Louis Vicentini, Chilean champion, meet tonight in a 15 round contest in Madison Square Garden. The winner may be matched with Benny Leonard for the world's title.

PHILADELPHIA.—Mickey Walker, world's welter weight champion, will defend his title against Lew Tendler, Philadelphia, in a 10 round decision contest here on June 2.

TOLEDO.—Eddie O'Dowd, Columbus bantam, out-pointed Harry Gordon of New York, by a slight margin in a 10 round bout here last night.

BANGS, Texas, May 2.—Lee Yarbrough, butcher, struck a match in his meat vault and ignited some escaping gas. He is dead.

Warm Days Call Motorists to Trails of Romance

BEAUTY BECKONS

CHICAGO—With the approach of pleasant weather, the call of the trail is already in the air. Soon the highways of the nation will be swarming with motor tourists speeding toward romance and adventure. Transcontinental automobile travel this season bids fair to be the heaviest in history, according to T. L. Hausmann, president of the reorganized Templar Motor Car Company of Cleveland. "I base this prediction largely on the fact that every succeeding year has broken all previous records," said Mr. Hausmann, in an address here. "Transcontinental highways, moreover, are getting better and better each year and increased traffic is bringing about better accommodations for tourists, more adequate hotels, inns, garages, service stations and camp sites."

"Tourists traveling over the Lincoln Highway from New York to San Francisco will find a total of 361 miles of new construction completed during the past year. Of the 3,142 miles of this national thoroughfare, 2,500 miles are considered good for all-year use. Within five years, an all-weather route should be open from coast to coast."

"The increase in cross-country touring is bringing new ideals to the automobile industry. The movement has definitely set in for a longer-life car, as in the case of the Templar which we are building to give 100,000 miles of road

service and still be a good car. Since the automobile has become a means of transportation for everybody, the idea of an annual trade-in is being discarded. It is too expensive to car owners, the majority of whom are persons of moderate means."

"In building the Templar for long life with a two-year guarantee on its engine and one-year guarantee on axles, we are only keeping up with public demands. The dealer is the link between public and manufacturer and the national Templar dealers' association which gives the dealer a voice and vote in all manufacturing and merchandising policies, insures the embodiment of the public's ideas in Templar cars."

Christian Endeavor Societies
Of The Waco District Meet At
Westminster College Three Days

Roy Jordan, President of the Waco Christian Endeavor District, of this city, Miss Laura McDonald, Secretary, and a large number of members from the societies of this city will meet for the next three days with other delegates to the annual district convention in the administration building of Westminster College at Tehuacana, 7 miles northwest of here.

The first session will be held tonight. The election of officers will be held Saturday and the convention will close Saturday night.

BAPTIST REVIVAL STIRS CHURCH
MARKING ONE OF MOST FRUITFUL
PERIODS IN LIFE OF CONGREGATION

The present week will long be remembered as an epochal one in the history of the Baptists of this city and community. It has been an old-fashioned revival period at the First Baptist church where the shouts of the saved have reminded veterans of the cross that Christ still has power with men, influence over their hearts and lives.

Inspirational preaching, testimonials with an appeal, singing with a soul, and prayers as fervent as ever ascended from earth to the heart of God, have been instrumental in working miracles today as wonderful as ever wrought by the Man of Nazareth when He went about healing the sick, opening the eyes of the blind, and unsealing the lips of the speechless dead. He has been saving men and women and children at the revival which has been in progress during the week drawing to a close. 75 or more have professed and almost as many added to the church.

Rev. W. O. Barnett, pastor of the Calvary Baptist church, at Dallas, close friend of the pastor, Rev. Joe Jeffers and Assistant Pastor, Rev. Paul Harper, has been doing the preaching throughout the week. He volunteered his services, without a cent from the congregation and community served, and has been putting his whole soul into the work. Morning services have been held at 10 o'clock. Large crowds have been attending on all occasions. It has proven to be a real revival and the church greatly edified.

According to the pastor, the revival has been the most notable in the history of the church.

The public is invited to all services.

Thomas Y. Pickett was here Wednesday from Corsicana.

WOODVILLE, Texas, May 2.—Believed to have been unable to extricate himself while swinging playfully with a roller towel around his neck on the porch of his home, R. A. Cruse, 14, was found dead by his mother.

DENVER ADVISES TUBERCULAR PATIENTS TO STAY AT HOME UNLESS THEY HAVE MONEY

By H. R. COX
(United Press Staff Correspondent)

DENVER, May 1.—Tuberculosis patients who cast longing eyes toward Denver, centre of the Rocky Mountain resorts for sufferers from the white plague, are advised by medical authorities here to stay at home for treatment unless they have enough funds to keep them from one to three years without having to work. Their chances of being cured without funds are better at home than here.

"The part played by climate in the cure of tuberculosis is greatly over-exaggerated in the public mind," says Dr. Pohanna J. Gelien of the Denver Municipal Tuberculosis Dispensary and of the tuberculosis wards of the General Hospital.

"Rest, fresh air, good food, peace of mind and means of future occupation are the great essentials. Some physicians say climate plays about a 10 per cent part in the cure of the disease. Everything else can be got at home. And climate without these other things is worthless."

Problem for City.

Her comments were inspired by the difficult problem faced by medical authorities here each year of caring for hundreds of penniless transient patients.

Every one of the large numbers who line up each day for admission to the dispensary has come expecting to find health and comforts, without the means to purchase the necessities. Being non-residents most of them even have no legitimate claim on the city for free treatment.

Most of them, of course, are willing to work if they are able. But work is extremely hard to get in Denver. When a job is secured its pay is frequently too low to permit the necessities of the cure.

"The result is," says Dr. Gelien, "that these persons without money can't get the rest they must have away from home. They can't get good food. They may be forced to live in congested, smoky districts and in the poorest kind of rooms, so that the climate does them no good. And they certainly do not get peace of mind."

Better Stay at Home.

"It would be far better for them to stay at home, where they can be provided for and where they have legitimate claims for local and State aid, even though they have to forgo the climate."

"All this does not apply, of course, to people with means, who can live as well in one place as another. For them a trip to this climate is valuable. The ones of whom I am speaking are those who have little more than enough money to pay their fares."

In general, the policy of Denver has been to send as many as possible of these dispensary patients back to sanitariums in their home States. Many of these shifts have resulted in cures.

PURE OIL \$the
COLUMBUS, Ohio, May 2.—The Pure Oil company's forthcoming annual report will show earnings available for the common stock equal to more than double the present dividend rate.

After deducting all interest, depreciation and depletion charges and the payment of the preferred dividends, the report will show \$3.21 per share surplus for common stock as compared with the present annual dividend rate of \$1.50 a share. During the fiscal year ended March 31, 1924, the company paid \$1.62½ on its common stock.

The preferred dividend requirements of the company, it will be shown, were earned six and a half times after all deductions were made.

The Pure Oil's income statement will reflect a prosperous result of the company's increased \$18,278,688 and net operating earnings increased \$7,721,327.48 over the previous year.

After deducting interest and discount on notes and depreciation amounting to \$3,730,987.46, the report will show net income available for dividends, depletion and other reserves was \$15,450,878.24. Dividends paid during the last fiscal year amounted to \$1,667,693 on the preferred and \$4,544,885.01 on the common stock, and reserves for depletion and surplus adjustments amounted to \$4,764,870. This leaves a balance of \$4,473,430.22 to add to surplus.

The company's balance sheet will show a particularly strong financial position. Current assets, amounting to \$39,399,166.27, are nearly four times the current liabilities of \$10,373,102.86 and are over \$900,000 more than the combined total of the company's current liabilities and funded debt. Pure Oil's cash on hand alone, amounting to \$8,521,461.47, equals 85 per cent of its current liabilities.

The balance sheet will reflect the purchase on September 1, 1923, of the Humphreys Oil company and the Humphreys Pure Oil company, which gives the Pure Oil company full ownership of extensive oil production, valuable acreage, pipe lines and a new refinery of large capacity in Texas. It also will reflect the sale on February 29 of the Columbus Gas and Fuel company, the Federal Gas and Fuel company, the Springfield Gas company and the Dayton Gas company. The common stock of the company the report will show, increased during the last year \$5,412,075, substantially all of which was used in exchange for additional shares of the Oklahoma Producing and Refining corporation. There was no increase of the preferred stock. It is stated that besides the strong financial position of the company at the close of its fiscal year on March 31, Pure Oil's daily

production has been largely increased while the sales and volume of business of the distributing division and the refiners show a substantial advance.

17 Lions Have 1000 Per Cent. Record

Seventeen Lions boast a 100 per cent attendance record for the month of April. They are: A. M. Wesson, S. J. Stuart, Walter Womack, John H. Sweatt, G. T. Reaves, J. I. Riddle, J. Ormsby, W. B. Landrum, De Witt Lamb, Phil Karner, Fred Klotz, Reuben Jackson, J. L. Hearn, Gray Forrest, Sam Cox, J. H. Cason, and Roy Bass.

Progress Made On Helen Kirby Hall

AUSTIN, Texas, May 2.—With the completion of the first floor, it is apparent that the Helen Kirby Hall, dormitory for Methodist girls attending the University of Texas, will soon be a reality. The new dormitory will accommodate 100 girls, and is being built at a cost of \$124,000. It is located five blocks north of the campus on Guadalupe street. The building will be thoroughly modern, with brick facing over a heavily reinforced steel structure, practically fireproof.

The architects' plans call for three reception rooms, a large one to provide for general gatherings, and two small ones for more limited grouping of the girls and their friends. The modern features will be still further improved by the addition of a laundry and a small kitchenette for private use.

The dormitory is named for the late Helen Kirby, who was for 37 years dean of women at the University of Texas. She was one of the outstanding women of Methodism while she was connected with the University, and the thousands of girls who came under her influence on the campus were active in raising the necessary funds for the building.

TEXAS U GRADUATES ATTENDING YALE

AUSTIN, Texas, May 2.—Eighty graduates of the University of Texas have attended Yale University since 1903, according to statistics compiled by Yale officials. Texas is the only school in the South which has entered so considerable number of graduates at Yale, and the University of Chicago, the University of Michigan, and Western Reserve University are the only three institutions in the west which excel Texas in that respect.

Forty Five Tons Chinese Hair Shipped to Texas

GALVESTON, Texas, May 2.—At the rate of one pound of hair for each Chinese boy, it would take a Chinese city with twice the population of Galveston to supply the 90,051 pounds—45 tons of human hair—which were imported into Galveston during the month of February, according to statistics for the month at the United States customs house.

At 30 cents a pound the total import value of the human hair received at this port was \$29,998. The retail value of the hair was not given in the report from the customs house, nor were the number of Chinamen who were needed to supply this huge quantity of hair.

Cisco Daily News Staff Reorganized

CISCO, Texas, May 2.—Homer Knowles, well known Texas newspaperman, has been made business manager of the Cisco Daily News, following reorganization of the editorial staff. Knowles has been actively engaged in newspaper work for more than a score of years and was formerly with the Amarillo News, the Dodge City, Kans., Journal and the Alva, Okla., Courier-Review.

Boyce House, formerly with the Eastland Oil Belt News is editor of the News and Pierce Munsey, formerly in newspaper work in Kansas and Oklahoma has been appointed advertising manager.

F. J. Huey is publisher of the News.

ROUGH DRY. (1-300)

RULES OF THE ROAD

There is an impression in the public mind that there is a large number of accidents to users of bicycles on the streets and highways of the nation.

A recent investigation of the State of Connecticut, however, would seem to disprove this theory. There, perhaps, are as many bicycles in Connecticut as in any other area of equal size. With the Connecticut figures as a basis, therefore, it will be shown that there are fewer accidents to bicyclists than to any other group of vehicle drivers, based upon an analysis of accidents per thousand vehicles.

The figures compiled by the Motor Vehicle Department of Connecticut show a total registration of 124,000 motor vehicles, and the number of bicycles ridden is estimated at 60,000. According to official statistics, the ratio of the number of bicycles per one fatality to operator is:

Bicycles, one in 6,000.

Motor Vehicles, passenger cars, one in 6,299.

Motor vehicles, commercial cars, one in 6,003.

Ratio per number of vehicles per one fatality to occupants, operators, passengers, one in 1,405.

The Bicycle Manufacturers' Association has gone on record as desiring to co-operate with motor vehicle departments of the various states in minimizing and avoiding accidents on highways to bicycle riders, and these statistics show that few accidents occur to riders between the ages of ten and eighteen. In fact, records show only three in one year.

The Bicycle Manufacturers' Association, in furtherance of its desire

to reduce accidents to the minimum, has recommended to all dealers that, when a sale of a bicycle is made, they instruct the purchaser as to the laws of the highways and also has recommended that each manufacturer insert in its catalogue and all printed matter the following:

1. The bicycle is a vehicle and therefore, entitled to the same rights and privileges on the highways enjoyed by horse-drawn vehicles or automobiles.
2. Observe the laws governing the use of highways.
3. Never ride on the wrong side of the road.
4. Do not "hitch on" to a vehicle.
5. Equip yourself with a bell or other warning device.
6. Use lamps at night for your own protection.

TELEGRAPH COMPANY TO MOVE SOON TO NEW HEADQUARTERS

The Western Union Telegraph Co. will soon be in its new up town home at 112 North Central Avenue, adjacent to The Mexia Daily News building. Workmen have been busy for the past two weeks, getting the new headquarters in readiness and the fixtures for the office are expected most any day. Following the arrival of these, it will be only a matter of hours until the new headquarters are occupied.

J. F. Casey was here Thursday from Corsicana.

W. J. Paris of Corsicana was in the city Thursday.

Sanitary Barber Shop Opened To Trade In Mexia

The Sanitary Barber Shop has just been opened on North Sherman Street, in the opera house building at the corner of Sherman and Palestine Street. A. C. Johnson and W. H. Vessel are the proprietors. They were formerly engaged at the Superior Service Shop and have many friends who are glad to see their new business venture.

The Mexia business district is constantly increasing and this enterprise marks another firm's entrance into the growing downtown area.

The shop has been repainted and fixtures installed which mark it as a most modern institution. A shower and bath room are maintained in connection with the shop, which is the only barber shop in the block where located.

R. E. Marston of Corsicana was a visitor to Mexia Wednesday.

J. W. Hamilton of Waxahachie was here Wednesday.

DIAMOND STAR
Pure Cane Sugar

IN A FEW DAYS our new Gulf Coast sugar refinery at Texas City, Texas, will begin operations. Its products will be marketed under the trade name

DIAMOND STAR

These products, consisting of a full line of pure cane sugars and syrups, will be of the highest grade which the most modern refining plant in the world can turn out. Because of the efficiency of this plant and its location on rail and tidewater, it can offer real advantages to dealers and consumers throughout the Southwest.

In order to introduce our lines more readily we have prepared a series of advertisements dealing in an interesting way with the food value of sugar, a subject on which many people are not fully informed, and with the ways in which it may be used.

This information, which will appear regularly in newspapers and other mediums in your territory, will appeal to every man

and woman who is interested in getting better food for less money. Watch for it. Ask for Diamond Star Sugar.

SOURCE OF INSPIRATION

When Bernard Shaw, Chaucer, King or Robert Browning are spoken of in lecture, social converse or literature we all want to feel conversant enough with them to carry on the suggested line of thought or conversation.

Do we all know that Browning was a profound Bible student? Do we all realize that in his "Ring and the Book" there are five hundred Biblical phrases? Do we all consider that the writings of almost every author of eminence today contains phraseology of the Bible, and many replete with full quotations? How are we to acquire the familiarity which culture demands and is really necessary for intelligent comprehension if we do not know the sources of such references?

Bible reading helps us in every walk of life, both in material and spiritual development.

The easiest way to procure a Bible is to take advantage of the offer this paper is making. See Bible coupon printed in another column for the very favorable terms.

SALES AGAIN SET GREATER RECORD

For the third successive week Dodge Brothers dealers have broken all previous retail delivery records.

During the week ending April 5th, 5694 cars were delivered to purchasers. This was more than 100 in excess of the greatest previous week's business in Dodge Brothers history. This record, however, was of brief duration, as

the very next week saw the delivery of 6106 cars at retail.

And now it is disclosed by official figures from the factory that the week ending April 19th sets still another and much greater record, with 6576 deliveries to customers.

In neither case do these figures include cars delivered to purchasers in foreign countries.

The consistency with which Dodge Brothers business continues to mount is cited by factory officials as an indication of the public's widespread and emphatic endorsement of the unusual value in new line of Dodge Brothers motor cars. Week after week and month after month, since the quantity production was attained on the new types, new records have been established.

Every week in this period has exceeded in volume of business the corresponding week of any previous year.

ENCOURAGING REAL MUSIC IN TEXAS UNIVERSITY

AUSTIN, Texas, May 2.—Encouragement of a higher appreciation of music, both applied and theoretical among men students of the University

of Texas, is the chief purpose of the Men's Music Club, which was recently organized. A series of programs will be given by the members. The officers of the organization are: President, Burnett Pharr, of Austin; Vice President, Walter Lee Newsome, of Daingerfield; Secretary, Harold A. Cory, of San Antonio; Treasurer, R. A. Hittson, of Cisco; music Committee, William G. Camp, Garland; Royall Calder, Hillsboro; and R. A. Hittson.

Brakes Relined By Machinery

Modern methods outclass the hammer and chisel and crude way of riveting linings to bands.

Our methods employing the tubular rivet with each head countersunk to an evenness which only precision machinery can accomplish, together with the use of Raybestos lining of the proper size, will give you results such as you never have had.

All you have to do is to take your bands off and bring them in and we furnish the rivets and put them on free of charge.

said Court No. 739, the nature of the Plaintiff's demand being in substance as follows: On July 14th, 1923, at the instance and request of Defendant the Plaintiff took defendant's note in the sum of \$44.50, due thirty days after date, said note providing for ten per cent attorney's fees if placed in the hands of an attorney for collection. Plaintiff says further that he placed the note in the hands of Keys & Mason, attorneys, for collection, agreeing to pay them the ten per cent attorney's fees provided for in the note, the same being reasonable attorney's fees; that the note is now past due and unpaid, and that Defendant, though often requested, has hitherto failed and refused, and still refuses, to pay the same or any part thereof, to Plaintiff's damage in the principal sum of \$44.50.

Wherefore, Plaintiff prays that the Defendant be cited to appear and answer this suit; that he have judgment in the principal sum of \$44.50, interest, attorney's fees and costs of suit, and for such other and further relief, general and special, in law and in equity, to which he may be justly entitled.

Herein fail not, but have then and there before said Court, at said regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand, this 23rd day of April, A. D., 1924.

O. KENNEDY,
Justice of the Peace,
Precinct No. 4 Limestone County, Texas.
(May 1-3-15-22)

NOTICE
This section of the county is free from quarantine and it is not compulsory that you dip your cattle. But in order to prevent any return of ticks and to clean your cattle of lice you should dip them. I have made arrangements thru the Commissioners Court to dip your cattle without cost to you, during March April and May. I will dip on the following dates, weather permitting: Reunion Ground vat, April 1st; Rosson, April 8th; Springfield, April 9th; Trotter, April 10th; L. C. Estes vat, April 11th. Other dates will be announced later. Notify your neighbors and make arrangements to dip on above dates. For further information, see O. LEWIS, Mexia, Texas.

CITATION BY PUBLICATION
The State of Texas,
To the Sheriff or any Constable of Limestone County—Greeting:
You are hereby commanded to summon John H. Brown and M. J. Kallett by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Limestone County, to be holden at the Court House thereof, in Groesbeck, Texas, on the First Monday in May, A. D., 1924, the same being the 5th day of May, A. D., 1924, then and there to answer a petition filed in said court on the 11th day of April, A. D., 1924, in a suit, numbered on the docket of said court as No. 4350-B, wherein Bradford Supply Company, a corporation is plaintiff, and John H. Brown and M. J. Kallett are defendants, and said petition alleging:

That plaintiff at the instance and request of defendants on or about July 18, 1922 and covering a period through December, 1922, sold and delivered to them various goods, machinery and oil well supplies, amounting to the sum of \$1818.09, in consideration of which defendants promised to pay plaintiff upon demand said amount, all of which is fully shown by an itemized statement of the dates goods and amounts charged therefor attached to plaintiff's petition; that said material was used by defendants in the development and improvement of an oil and gas lease; that on March 26, 1923, plaintiff fixed a materialman's lien as required by law covering all the lease, leasehold estate, oil and gas rights in and under the following land: Being a part of the land owned by W. D. Freeman, H. W. Freeman and H. C. Freeman and described in a deed record in Vol. 105, page 434, deed records of Limestone County, Texas. Beginning in the southeast line of said tract, north 52 1/2 east, 437.7 vrs. from the southwest corner of the tract, which is the southwest corner of a twenty acre tract heretofore leased to Joseph Danciger; Thence North 35 1/2 west with Danciger's northeast line, 356.7 vrs.; Thence north 52 1/2 east, 158.2 vrs. to the southwest line of a 40 acre tract heretofore leased to R. L. Sprinkle; Thence south 35 1/2 east with Sprinkle's Southwest line, 356.7 vrs. to the southeast line of Freeman's tract which is R. L. Sprinkle's southwest corner; Thence south 52 1/2 west 158.2 vrs. to the place of beginning, containing 10 acres. That said lien was filed on said lease hold estate for oil and gas rights, said lease hold estate being known as the Wofford & Jackson lease, which was operated by Ben Wofford and M. M. Jackson under the firm name of Wofford & Jackson, as agents of these defendants and the remaining joint owners. That said account is past due and unpaid and defendants have failed and refused to pay same or any part thereof except the sum of \$500.00 to plaintiff's damage in the sum of \$1319.09.

Wherefore plaintiff prays that defendants be cited to appear and answer herein, and that it have judgment foreclosing its Materialman's lien to satisfy said indebtedness of \$1319.09, together with costs of suit and such other relief as it may be justly entitled.

Herein fail not, and have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Groesbeck, Texas, this 11th day of April, A. D., 1924.

(Seal)

Citizens Training Camps Attract Quite A Number of Mexia Youths

Quite a number of young men, from 17 to 24, in Mexia and in surrounding communities have made applications to attend the Citizens Military Training Camp at Fort Sam Houston, Texas, from August 1st to August 31st.

Some of these have already heard from their applications for admittance and have passed the medical examinations required.

Interested parties may write for information to Major William Noble, Oklahoma City, who will state how they may be admitted either to the camp at Fort Sam Houston or at Fort Sill, Oklahoma.

Attendance in the Training Camp does not constitute any present or future contract of enlistment in the Army of the United States.

The United States Government pays the expense of those attending, including transportation to and from camp, uniforms, food and medical attention.

The object of the Training Camp is to bring young men of high type from all sections of the country on a common basis of equality and under the most favorable conditions of outdoor life; to stimulate and promote good citizenship, patriotism and Americanism, and to realize their obligations to their country.

CHARLIE CLOVER ANNOUNCES FOR JUSTICE OF THE PEACE

In the candidates column of this paper appears the name of Charles L. Clover, who aspires to the office of the Justice of the Peace of the Mexia Precinct. He solicits the support, influence and votes of the citizens of the area comprising this precinct and pledges to strive constantly to merit such confidence and to measure up to the qualifications that should govern a man holding this responsible and important office.

He believes in the majesty as well as in the dignity of the court. Although there are courts higher, above and superior to the Justice of Peace Courts, he states that the fundamentals of justice and law should prevail in the latter with the same force and influence as in the others. If honored by a majority of votes in this precinct, his sole pledge is to give the people an administration based on the constitution, law and order.

Mr. Clover came to Mexia three years ago and has won for himself a large coterie of friends who know and highly esteem him as an honorable, genial gentleman. They have found him standing for law and order, in his own modest way, ever willing to do his part in moulding sentiment

favorable to righteousness in public service and in private thinking, and always ready to help in the plans of progress laid by the loyal friends and leaders of this community.

His record prior to his residence here also corresponds with this reputation. Consequently it has not been a surprise that friends of influence from such a class have urged him to offer for the office of Justice of the Peace. This he has consented to do and is now dependent upon his friends and those who believe in such ideals as he stands for to bring about his election to this office.

NEWS FROM OUR NEIGHBORS

HUBBARD. Considerable excitement was created last Sunday night when Elmer Preston reported to the local officers that a highwayman had tried to hold him up on the highway between Hubbard and Mt. Calm and fired three shots at him when he refused to obey their orders.

P. B. Wells and Dr. R. B. Harris, representing the State Health Department, were in Hubbard Wednesday and made a preliminary survey of the sanitary condition of Hubbard, and were well pleased with the conditions found.

GROESBECK. Monday, May 5th is bargain day in Groesbeck. At this time the shoppers who come to this city will be given the opportunity to buy reasonable merchandise at 46 Groesbeck stores at the lowest possible prices.

Mr. and Mrs. H. H. Hay, of Fort Worth, were in the city Thursday.

ATHENS.—The new plant of the Power and Light Company have made plans for construction at a cost of about \$175,000.

DENISON.—Underground cables are being placed in the business section of this city by the Southwestern Bell Telephone Company. Overhead cables will be removed.

DALLAS.—A second electric substation for Oak Cliff has become necessary due to the growth of that section of the city and the Dallas

Power and Light Company have made plans for construction at a cost of about \$175,000.

DENISON.—Underground cables are being placed in the business section of this city by the Southwestern Bell Telephone Company. Overhead cables will be removed.

Pupils To See Robin Hood At The National

Manager P. M. Box of the National Theatre announces that he will treat the school children of the district Saturday morning at 10:00 o'clock to that stirring picture which young and old alike enjoy, "Robin Hood."

Many of the teachers of the local schools were invited to see the picture Thursday night and Superintendent C. A. Puckett of the Public Schools will appoint one of the teachers to explain the pictures as they are shown, bringing out the great truths, morals and lessons of Robin Hood. Thus the illustrated lecture and show will be most profitable to the pupils attending. The admission for this special picture has been reduced to ten cents for the occasion. Mr. Box states he is anxious to cooperate with the educational leaders of this community and this effort is in line with that desire. Whatever overflow there is, he says, will be taken care of at the Palace Theatre.

According to legend Robin Hood, he of infinite exploits of matchless valor in the days of chivalry eight hundred years gone, hit upon a clever method of avoiding the odium of robbery when he audaciously dedicated himself to the occupation of "robbing the rich to feed the poor."

He made a practice of inviting wealthy men to dine with him and he played the part of a most hospitable host, affording his guests feasts on the best of high class edibles, including rare venison and choice fowls. Then at the conclusion of each such repast, he would appear suddenly armed with his trusty bow-and-arrow, and using this to impress his seriousness, would demand that each guest pay

for his dinner. Invariably the daring adventurer would specify the sum each must pay, and pay it he did rather than suffer the consequences of coming in contact with a deadly arrow.

It is claimed that following each of these incursions on purse and pelf, there would be an era of plenty in whatever district Robin Hood happened to be, because he would always divide the spoils with the needy. His generosity and charity being without parallel. Naturally, he was much beloved by the poor and just as naturally he was feared and hated by those better blessed financially.

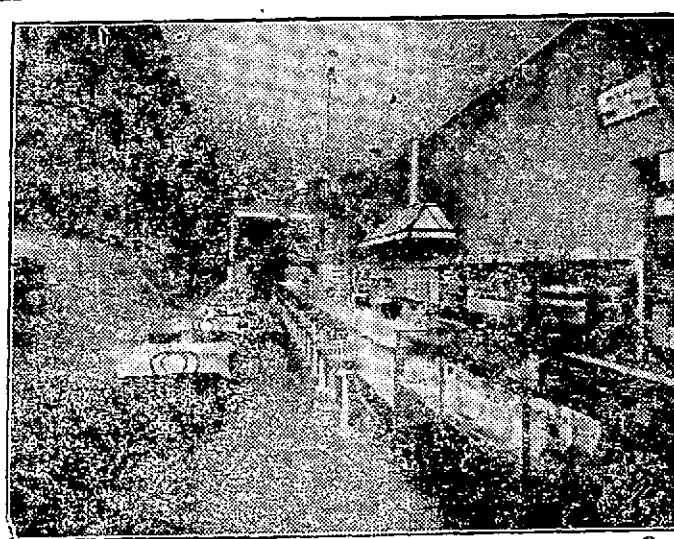

But his idea of making the fiddlers pay when they assembled around his festive board was unique to say the least, and if it did lack in legality, it did not fail to do good in quarters most needing a little of the good of a sincere helping-hand.

As played by Douglas Fairbanks in his elaborate screen production, "Douglas Fairbanks in Robin Hood," this character compels unstinted admiration, his charmingly romantic penchant being especially stressed in this notable characterization, which bids fair to live in cinema history as one of the most conspicuous triumphs ever attained by any star in any historic effort.

COMMERCE.—The new switchboard equipment of the Gulf States Telephone Company plant here is being installed. This will complete a general reconditioning and improvement of the telephone service here.

McALLEN.—The new city water supply has been turned into the mains here and this city now has adequate filtered river water supplied from a reservoir of great capacity by powerful electrical pumps.

DALLAS.—Concrete platforms for use of street car passengers are being erected by the Dallas Railway Company at the entrance of the State Fair Park. These are for added safety and convenience of the public.
